Australian Chamber of Commerce and Industry
Australian Chamber of Manufactures
Australian Construction Services—Department of Administrative Services
Australian Electrical and Electronic Manufacturers Association
Australian Fire Authorities Council
Australian Fire Protection Association
Building Owners and Managers Association of Australia
Commonwealth Fire Board
CSIRO—Division of Building, Construction and Engineering
Deafness Forum of Australia
Department of Defence
Fire Protection Industry Association of Australia
Insurance Council of Australia
National Electrical Contractors Association of Australia
New Zealand Fire Equipment Association
New Zealand Fire Protection Association
New Zealand Fire Protection Industry Contractors Association
Telstra Corporation

Review of Australian Standards. To keep abreast of progress in industry, Australian Standards are subject to periodic review and are kept up to date by the issue of amendments or new editions as necessary. It is important therefore that Standards users ensure that they are in possession of the latest edition, and any amendments thereto.

Full details of all Australian Standards and related publications will be found in the Standards Australia Catalogue of Publications; this information is supplemented each month by the magazine 'The Australian Standard', which subscribing members receive, and which gives details of new publications, new editions and amendments, and of withdrawn Standards.

Suggestions for improvements to Australian Standards, addressed to the head office of Standards Australia, are welcomed. Notification of any inaccuracy or ambiguity found in an Australian Standard should be made without delay in order that the matter may be investigated and appropriate action taken.
