National Foreword

I.S. EN 12566-6:2016 is the adopted Irish version of the European Document EN 12566-6:2016, Small wastewater treatment systems for up to 50 PT - Part 6: Prefabricated treatment units for septic tank effluent

Where a part of this EN allows for a choice to be made at national level this is addressed in the National document S.R. 66:2015.

If this standard has been changed (revised/amended/corrected) and the National document has yet to be revised to account for the change(s), the National document for the previous version is available. Judgement by a competent person must be applied if using guidance contained therein.

This document does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with this document does not of itself confer immunity from legal obligations.

In line with international standards practice the decimal point is shown as a comma (,) throughout this document.
