Irish Standard Recommendation  
S.R. CEN/TR 15193-2:2017

Energy performance of buildings - Energy requirements for lighting - Part 2:  
Explanation and justification of EN 15193-1,  
Module M9

**S.R. CEN/TR 15193-2:2017**

*Incorporating amendments/corrigenda/National Annexes issued since publication:*

The National Standards Authority of Ireland (NSAI) produces the following categories of formal documents:

I.S. xxx: Irish Standard — national specification based on the consensus of an expert panel and subject to public consultation.

S.R. xxx: Standard Recommendation — recommendation based on the consensus of an expert panel and subject to public consultation.

SWiFT xxx: A rapidly developed recommendatory document based on the consensus of the participants of an NSAI workshop.

*This document replaces/revises/consolidates the NSAI adoption of the document(s) indicated on the CEN/CENELEC cover/Foreword and the following National document(s):*

*NOTE: The date of any NSAI previous adoption may not match the date of its original CEN/CENELEC document.*

*This document is based on:*

CEN/TR 15193-2:2017

*Published:*

2017-03-29

*This document was published under the authority of the NSAI and comes into effect on:*

2017-04-16

ICS number:

## National Foreword

S.R. CEN/TR 15193-2:2017 is the adopted Irish version of the European Document CEN/TR 15193-2:2017, Energy performance of buildings - Energy requirements for lighting - Part 2: Explanation and justification of EN 15193-1, Module M9

This document does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

For relationships with other publications refer to the NSAI web store.

**Compliance with this document does not of itself confer immunity from legal obligations.**

*In line with international standards practice the decimal point is shown as a comma (,) throughout this document.*

English Version

**Energy performance of buildings - Energy requirements  
for lighting - Part 2: Explanation and justification of EN  
15193-1, Module M9**

Performance énergétique des bâtiments - Exigences  
énergétiques pour l'éclairage - Partie 2: Explication et  
justification de l'EN 15193-1, Module M9

Energetische Bewertung von Gebäuden - Energetische  
Anforderungen an die Beleuchtung - Teil 2:  
Technischer Bericht zu EN 15193-1

This Technical Report was approved by CEN on 27 February 2017. It has been drawn up by the Technical Committee CEN/TC 169.

CEN members are the national standards bodies of Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, Former Yugoslav Republic of Macedonia, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Romania, Serbia, Slovakia, Slovenia, Spain, Sweden, Switzerland, Turkey and United Kingdom.
