Irish Standard
I.S. EN 12977-5:2018

Thermal solar systems and components - Custom built systems - Part 5: Performance test methods for control equipment

I.S. EN 12977-5:2018

Incorporating amendments/corrigenda/National Annexes issued since publication:

The National Standards Authority of Ireland (NSAI) produces the following categories of formal documents:

I.S. xxx: Irish Standard — national specification based on the consensus of an expert panel and subject to public consultation.

S.R. xxx: Standard Recommendation — recommendation based on the consensus of an expert panel and subject to public consultation.

SWiFT xxx: A rapidly developed recommendatory document based on the consensus of the participants of an NSAI workshop.

This document replaces/revises/consolidates the NSAI adoption of the document(s) indicated on the CEN/CENELEC cover/Foreword and the following National document(s):

NOTE: The date of any NSAI previous adoption may not match the date of its original CEN/CENELEC document.

This document is based on:

EN 12977-5:2018

Published:

2018-04-04

This document was published under the authority of the NSAI and comes into effect on:

2018-04-23

National Foreword

I.S. EN 12977-5:2018 is the adopted Irish version of the European Document EN 12977-5:2018, Thermal solar systems and components - Custom built systems - Part 5: Performance test methods for control equipment

This document does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

For relationships with other publications refer to the NSAI web store.

Compliance with this document does not of itself confer immunity from legal obligations.

In line with international standards practice the decimal point is shown as a comma (,) throughout this document.

EUROPEAN STANDARD

EN 12977-5

NORME EUROPÉENNE

EUROPÄISCHE NORM

April 2018

ICS 27.160

Supersedes EN 12977-5:2012

English Version

Thermal solar systems and components - Custom built systems - Part 5: Performance test methods for control equipment

Installations solaires thermiques et leurs composants - Installations assemblées à façon - Partie 5 : Méthodes d'essai de performances pour systèmes de régulation

Thermische Solaranlagen und ihre Bauteile - Kundenspezifisch gefertigte Anlagen - Teil 5: Prüfmethode für die Regeleinrichtungen

This European Standard was approved by CEN on 29 October 2017.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the CEN-CENELEC Management Centre or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the CEN-CENELEC Management Centre has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, Former Yugoslav Republic of Macedonia, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Romania, Serbia, Slovakia, Slovenia, Spain, Sweden, Switzerland, Turkey and United Kingdom.
