AS/NZS 4331.3:1995

ISO 7005-3:1988 Reconfirmed 2020

## Australian/New Zealand Standard

## **Metallic flanges**

Part 3: Copper alloy and composite flanges

#### AS/NZS 4331.3:1995

This Joint Australian/New Zealand Standard was prepared by Joint Technical Committee ME/1, Pressure Equipment. It was approved on behalf of the Council of Standards Australia on 19 July 1995 and on behalf of the Council of Standards New Zealand on 24 October 1995. It was published on 5 December 1995.

The following interests are represented on Committee ME/1:

A.C.T. Occupational Health and Safety Office

Aluminium Development Council, Australia

Australian Chamber of Commerce and Industry

Australian Institute of Energy

Australian Institute of Petroleum

Australian Institute of Pressure Equipment Engineers

Australian Liquefied Petroleum Gas Association

Boiler and Pressure Vessel Manufacturers Association of Australia

Bureau of Steel Manufacturers of Australia

Department for Industrial Affairs, S.A.

Department of Employment, Vocational Education, Training and Industrial Relations, Old

Department of Labour, New Zealand

Department of Occupational Health, Safety and Welfare, W.A.

Electricity Corporation of New Zealand

Electricity Supply Association of Australia

Heavy Engineering Research Association, New Zealand

Institute of Metals and Materials, Australasia

Institution of Engineers, Australia

Insurance Council of Australia

Metal Trades Industry Association of Australia

National Association of Testing Authorities, Australia

New Zealand Engineering Federation

New Zealand Petrochemical Users Group

New Zealand Timber Industry Federation

Occupational Health and Safety Authority, Vic.

Tasmania Development and Resources

Welding Technology Institute of Australia

WorkCover Authority, N.S.W.

Work Health Authority, N.T.

**Review of Standards.** To keep abreast of progress in industry, Joint Australian/New Zealand Standards are subject to periodic review and are kept up to date by the issue of amendments or new editions as necessary. It is important therefore that Standards users ensure that they are in possession of the latest edition, and any amendments thereto.

Full details of all Joint Standards and related publications will be found in the Standards Australia and Standards New Zealand Catalogue of Publications; this information is supplemented each month by the magazines 'The Australian Standard' and 'Standards New Zealand', which subscribing members receive, and which give details of new publications, new editions and amendments, and of withdrawn Standards.

Suggestions for improvements to Joint Standards, addressed to the head office of either Standards Australia or Standards New Zealand, are welcomed. Notification of any inaccuracy or ambiguity found in a Joint Australian/New Zealand Standard should be made without delay in order that the matter may be investigated and appropriate action taken.

#### STANDARDS AUSTRALIA/STANDARDS NEW ZEALAND

#### RECONFIRMATION

#### OF AS/NZS 4331.3:1995 Metallic flanges

Part 3: Copper alloy and composite flanges

#### RECONFIRMATION NOTICE

Technical Committee ME-001 has reviewed the content of this publication and in accordance with Standards Australia procedures for reconfirmation, it has been determined that the publication is still valid and does not require change.

Certain documents referenced in the publication may have been amended since the original date of publication. Users are advised to ensure that they are using the latest versions of such documents as appropriate, unless advised otherwise in this Reconfirmation Notice.

Approved for reconfirmation in accordance with Standards Australia procedures for reconfirmation on 20 December 2019.

Approved for reconfirmation in New Zealand on behalf of the New Zealand Standards Approval Board on 18 June 2020.

The following are represented on Technical Committee ME-001:

Australasian Corrosion Association

Australasian Institute of Engineer Surveyors

Australian Aluminium Council

Australian Building Codes Board

Australian Chamber of Commerce and Industry

Australian Industry Group

Australian Institute for Non-Destructive Testing

Australian Institute for the Certification of Inspection Personnel

Australian Institute of Petroleum Ltd

Bureau of Steel Manufacturers of Australia

Compressed Air Association of Australasia

Electricity Engineers Association (New Zealand)

Energy Networks Australia

Engineering New Zealand

Engineers Australia

Gas Energy Australia

Insurance Council of Australia Limited

Materials Australia

National Association of Testing Authorities Australia

New Zealand Heavy Engineering Research Association

New Zealand Manufacturers and Exporters Association

Office of Industrial Relations (QLD)

SafeWork SA

Weld Australia

WorkSafe Division-Dept of Mines, Industry Regulation and Safety WA

WorkSafe Victoria
