

Australian/New Zealand Standard™

**Electrical installations – Electric
security fences**

AS/NZS 3016:2002

This Joint Australian / New Zealand Standard was prepared by Joint Technical Committee EL/21 Installation of Electric Fences. It was approved on behalf of the Council of Standards Australia on 15 November 2002 and on behalf of the Council of Standards New Zealand on 20 December 2002. It was published on 10 January 2003.

The following interests are represented on Committee EL/21:

Australian Chamber of Commerce and Industry
Australian Dairy Farmers' Federation
Electrical Safety Organisation
Farmsafe Australia
Federated Farmers New Zealand
Ministry of Economic Development, New Zealand
Office of the Chief Electrical Inspector, Victoria
New Zealand Electric Fence Energizers Manufacturers Standards Working Group

Preparation of Joint Australian/New Zealand Standards

Joint Australian/New Zealand Standards are prepared by a consensus process involving representatives nominated by organizations in both countries drawn from all major interests associated with the subject. Australian/New Zealand Standards may be derived from existing industry standards, from established international Standards and practices or may be developed within a Standards Australia, Standards New Zealand or joint technical committee.

During the development process, Australian/New Zealand Standards are made available in draft form at all sales offices and through affiliated overseas bodies in order that all interests concerned with the application of a proposed Standard are given the opportunity to submit views on the requirements to be included.

Keeping Standards up-to-date

Standards are living documents which reflect progress in science, technology and systems. To maintain their currency, all Standards are periodically reviewed, and new editions are published. Between editions, amendments may be issued. Standards may also be withdrawn. It is important that readers assure themselves that they are using a current Standard, which should include any amendments which may have been published since the Standard was purchased.

Detailed information about Joint Australian/New Zealand Standards can be found by visiting the Standards New Zealand website at www.standards.co.nz or the Standards Australia website at www.standards.com.au and looking up the relevant Standard in the on-line catalogue.

Alternatively, both organizations publish an annual printed Catalogue with full details of all current Standards. For more frequent listings or notification of revisions, amendments and withdrawals, Standards New Zealand and Standards Australia offer a number of update options. For information about these services, users should contact their respective national Standards organization.

We also welcome suggestions for improvements in our Standards, and especially encourage readers to notify us immediately of any apparent inaccuracies or ambiguities. Please address your comments to the Chief Executive of either Standards New Zealand or Standards Australia International at the address shown on the title page.

This Standard was issued in draft form for comment as DR 01956 in Australia and in New Zealand.
