Review of Australian Standards. To keep abreast of progress in industry, Australian Standards are subject to periodic review and are kept up to date by the issue of amendments or new editions as necessary. It is important therefore that Standards users ensure that they are in possession of the latest edition, and any amendments thereto.

Full details of all Australian Standards and related publications will be found in the Standards Australia Catalogue of Publications; this information is supplemented each month by the magazine 'The Australian Standard', which subscribing members receive, and which gives details of new publications, new editions and amendments, and of withdrawn Standards.

Suggestions for improvements to Australian Standards, addressed to the head office of Standards Australia, are welcomed. Notification of any inaccuracy or ambiguity found in an Australian Standard should be made without delay in order that the matter may be investigated and appropriate action taken.

This Standard was issued in draft form for comment as DR 88063.

PREFACE

This Standard was prepared by the Standards Australia Committee on Lift Installations. It was requested by manufacturers and users of lifts, statutory authorities for lifts, and interests concerned for persons having limited mobility, for the purposes of safety and uniformity.

This Standard is one of a series of Standards covering lifting devices which are able to assist persons with limited mobility; others in the series are as follows:

AS

1735 SAA Lift Code

1735.2 Part 2: Passenger and goods lifts—Electric

1735.3 Part 3: Passenger and goods lifts—Electrohydraulic

1735.7 Part 7: Stairway lifts

1735.8 Part 8: Inclined lifts

1735.12 Part 12: Facilities for persons with disabilities

1735.13 Part 13: Lifts for persons with limited mobility—Manually powered

1735.14 Part 14: Lifts for people with limited mobility—Restricted use—Low-rise platforms

A draft Standard, as an additional Part of AS 1735, to cover automatically controlled lifts with restricted use for people with limited mobility is being prepared.
