

AS/NZS 3350.2.21:1999
(Incorporating Amendment Nos 1, 2, 3, 4 and 5)

AS/NZS 3350.2.21:1999

Australian/New Zealand Standard™

**Safety of household and similar
electrical appliances**

**Part 2.21: Particular requirements—
Storage water heaters
(IEC 60335-2-21:1997, MOD)**

AS/NZS 3350.2.21:1999

This Joint Australian/New Zealand Standard was prepared by Joint Technical Committee EL-002, Safety of Household and Similar Electrical Appliances and Small Power Transformers. It was approved on behalf of the Council of Standards Australia on 6 November 1998 and on behalf of the Council of Standards New Zealand on 18 January 1999.

This Standard was published on 5 March 1999.

The following are represented on Committee EL-002:

Association of Certification Bodies
Australian Chamber of Commerce and Industry
Australian Electrical and Electronic Manufacturers Association
Canterbury Manufacturers Association New Zealand
Consumer Electronic Suppliers Association, Australia
Electrical regulatory authorities, Australia
Electrical test laboratories
Electrical consultants
Electricity Supply Association of Australia
Institution of Engineers Australia
Metal Trades Industries Association of Australia
Ministry of Consumer Affairs, New Zealand

Keeping Standards up-to-date

Standards are living documents which reflect progress in science, technology and systems. To maintain their currency, all Standards are periodically reviewed, and new editions are published. Between editions, amendments may be issued. Standards may also be withdrawn. It is important that readers assure themselves they are using a current Standard, which should include any amendments which may have been published since the Standard was purchased.

Detailed information about joint Australian/New Zealand Standards can be found by visiting the Standards Web Shop at www.standards.com.au or Standards New Zealand web site at www.standards.co.nz and looking up the relevant Standard in the on-line catalogue.

Alternatively, both organizations publish an annual printed Catalogue with full details of all current Standards. For more frequent listings or notification of revisions, amendments and withdrawals, Standards Australia and Standards New Zealand offer a number of update options. For information about these services, users should contact their respective national Standards organization.

We also welcome suggestions for improvement in our Standards, and especially encourage readers to notify us immediately of any apparent inaccuracies or ambiguities. Please address your comments to the Chief Executive of either Standards Australia or Standards New Zealand at the address shown on the back cover.

CONTENTS

FOREWORD.....	4
1 Scope	6
2 Definitions.....	7
3 General requirement.....	8
4 General conditions for the tests	8
5 Void	8
6 Classification.....	8
7 Marking and instructions	8
8 Protection against access to live parts	11
9 Starting of motor-operated appliances.....	11
10 Power input and current.....	11
11 Heating	11
12 Void	11
13 Leakage current and electric strength at operating temperature	11
14 Void	11
15 Moisture resistance	11
16 Leakage current and electric strength	12
17 Overload protection of transformers and associated circuits	12
18 Endurance.....	12
19 Abnormal operation	12
20 Stability and mechanical hazards.....	13
21 Mechanical strength	13
22 Construction.....	13
23 Internal wiring.....	16
24 Components.....	16
25 Supply connection and external flexible cords	18
26 Terminals for external conductors	18
27 Provision for earthing.....	18
28 Screws and connections	18
29 Creepage distances, clearances and distances through insulation	18
30 Resistance to heat, fire and tracking	18
31 Resistance to rusting	19
32 Radiation, toxicity and similar hazards	19

Annex ZZ (informative) Variations to IEC 60335-2-21:1997 for application in Australia and New Zealand.....	24
Figure 101 – Examples of types of storage water heaters	20
Figure 101 – Examples of types of storage water heaters (continued)	21
Figure 102 – Position of thermocouples for the measurement of the maximum water temperature of closed water heaters	22
