

AS/NZS 4117:1999

Australian/New Zealand Standard™

**Surge protective devices for
telecommunication applications**

AS/NZS 4117:1999

This Joint Australian/New Zealand Standard was prepared by Joint Technical Committee TE/20, Telecommunication Overvoltage Protection. It was approved on behalf of the Council of Standards Australia on 6 August 1999 and on behalf of the Council of Standards New Zealand on 19 July 1999. It was published on 5 November 1999.

The following interests are represented on Committee TE/20:

Australian Chamber of Commerce and Industry
Australian Communications Authority
Australian Information Industry Association
Broadcast Industry Technical Advisory Group
Electricity Supply Association of Australia
Telecom, New Zealand
Telstra Corporation, Australia

Keeping Standards up-to-date

Standards are living documents which reflect progress in science, technology and systems. To maintain their currency, all Standards are periodically reviewed, and new editions are published. Between editions, amendments may be issued. Standards may also be withdrawn. It is important that readers assure themselves they are using a current Standard, which should include any amendments which may have been published since the Standard was purchased.

Detailed information about joint Australian/New Zealand Standards can be found by visiting the Standards Australia web site at www.standards.com.au or Standards New Zealand web site at www.standard.co.nz and looking up the relevant Standard in the on-line catalogue.

Alternatively, both organizations publish an annual printed Catalogue with full details of all current Standards. For more frequent listings or notification of revisions, amendments and withdrawals, Standards Australia and Standards New Zealand offer a number of update options. For information about these services, users should contact their respective national Standards organization.

We also welcome suggestions for improvement in our Standards, and especially encourage readers to notify us immediately of any apparent inaccuracies or ambiguities. Please address your comments to the Chief Executive of either Standards Australia International or Standards New Zealand at the address shown on the back cover.
