

AS/NZS 5603:2009

Reconfirmed 2017

AS/NZS 5603:2009

Australian/New Zealand Standard™

## Stand-alone inverters—Performance requirements

## **AS/NZS 5603:2009**

This Joint Australian/New Zealand Standard was prepared by Joint Technical Committee EL-042, Renewable Energy Power Supply Systems and Equipment. It was approved on behalf of the Council of Standards Australia on 12 January 2009 and on behalf of the Council of Standards New Zealand on 15 January 2009. This Standard was published on 11 March 2009.

---

The following are represented on Committee EL-042:

Alternative Technology Association  
Australian Electrical and Electronic Manufacturers Association  
Clean Energy Council  
Electrical Regulatory Authorities Council  
Electrical Safety Organisation (New Zealand)  
Electricity Engineers Association (New Zealand)  
ElectroComms & Energy Utilities Industries Skills Council  
Energy Efficiency & Conservation Authority of New Zealand  
Energy Networks Association  
Institution of Professional Engineers New Zealand  
Ministry of Economic Development (New Zealand)  
National Electrical and Communications Association  
New Zealand Electrical Institute  
Research Institute for Sustainable Energy  
The University of New South Wales

---

### **Keeping Standards up-to-date**

Standards are living documents which reflect progress in science, technology and systems. To maintain their currency, all Standards are periodically reviewed, and new editions are published. Between editions, amendments may be issued. Standards may also be withdrawn. It is important that readers assure themselves they are using a current Standard, which should include any amendments which may have been published since the Standard was purchased.

Detailed information about joint Australian/New Zealand Standards can be found by visiting the Standards Web Shop at [www.standards.com.au](http://www.standards.com.au) or Standards New Zealand web site at [www.standards.co.nz](http://www.standards.co.nz) and looking up the relevant Standard in the on-line catalogue.

Alternatively, both organizations publish an annual printed Catalogue with full details of all current Standards. For more frequent listings or notification of revisions, amendments and withdrawals, Standards Australia and Standards New Zealand offer a number of update options. For information about these services, users should contact their respective national Standards organization.

We also welcome suggestions for improvement in our Standards, and especially encourage readers to notify us immediately of any apparent inaccuracies or ambiguities. Please address your comments to the Chief Executive of either Standards Australia or Standards New Zealand at the address shown on the back cover.

---

*This Standard was issued in draft form for comment as DR 08211.*

### **RECONFIRMATION OF AS/NZS 5603:2009 Stand-alone inverters—Performance requirements**

---

#### **RECONFIRMATION NOTICE**

Technical Committee EL-042 has reviewed the content of this publication and in accordance with Standards Australia procedures for reconfirmation, it has been determined that the publication is still valid and does not require change.

Certain documents referenced in the publication may have been amended since the original date of publication. Users are advised to ensure that they are using the latest versions of such documents as appropriate, unless advised otherwise in this Reconfirmation Notice.

Approved for reconfirmation in accordance with Standards Australia procedures for reconfirmation on 10 October 2016.

Approved for reconfirmation in New Zealand on behalf of the Standards Council of New Zealand on 13 December 2016.

The following are represented on Technical Committee EL-042:

Australasian Fire and Emergency Service Authorities Council  
Australian Energy Council  
Australian Energy Market Operator  
Australian Industry Group  
Australian PV Institute  
Australian Solar Council  
Clean Energy Council  
Clean Energy Regulator  
Construction, Environment and Workplace Protection, ACT Government  
Consumer Electronics Suppliers Association  
CSIRO  
Electrical Compliance Testing Association  
Electrical Regulatory Authorities Council  
Electrical Safety Organisation (New Zealand)  
Electricity Engineers Association (New Zealand)  
Energy Networks Association  
Engineers Australia  
Institute of Electrical and Electronics Engineers  
Institute of Electrical Inspectors  
Joint Accreditation System of Australia and New Zealand  
Master Electricians Australia  
National Electrical and Communications Association  
New Zealand Electrical Institute  
NSW Fair Trading  
Office of the Technical Regulator (SA)  
Solar Energy Industries Association  
Sustainable Electricity Association New Zealand  
Sustainable Energy Association  
The University of New South Wales  
Worksafe New Zealand
