

AS/NZS 61000.3.5:1998
IEC 61000-3-5:1994

Australian/New Zealand Standard™

Electromagnetic compatibility (EMC)

**Part 3.5: Limits—Limitation of
voltage fluctuations and flicker in
low-voltage power supply systems
for equipment with rated current
greater than 16 A**

[IEC title: Electromagnetic compatibility (EMC), Part 3:
Limits—Section 5: Limitation of voltage fluctuations and flicker in
low-voltage power supply systems for equipment with rated current
greater than 16 A]

AS/NZS 61000.3.5:1998

This Joint Australian/New Zealand Standard was prepared by Joint Technical Committee EL/34, Power Quality. It was approved on behalf of the Council of Standards Australia on 11 February 1998 and on behalf of the Council of Standards New Zealand on 12 February 1998. It was published on 5 May 1998.

The following interests are represented on Committee EL/34:

Association of New Zealand Electrical Appliance Distributors
Australasian Railway Association
Australian Chamber of Commerce and Industry
Australian Electrical and Electronic Manufacturers Association
Bureau of Steel Manufacturers of Australia
Electricity Engineers Association of New Zealand
Electricity Supply Association of Australia
Institution of Engineers, Australia
Monash University, Australia
New Zealand Coordinating Committee on Power & Telecommunication Systems
Telstra Corporation, Australia
Transpower, New Zealand
University of Canterbury, New Zealand
University of Wollongong, Australia

Review of Standards. To keep abreast of progress in industry, Joint Australian/New Zealand Standards are subject to periodic review and are kept up to date by the issue of amendments or new editions as necessary. It is important therefore that Standards users ensure that they are in possession of the latest edition, and any amendments thereto.

Full details of all Joint Standards and related publications will be found in the Standards Australia and Standards New Zealand Catalogue of Publications; this information is supplemented each month by the magazines 'The Australian Standard' and 'Standards New Zealand', which subscribing members receive, and which give details of new publications, new editions and amendments, and of withdrawn Standards.

Suggestions for improvements to Joint Standards, addressed to the head office of either Standards Australia or Standards New Zealand, are welcomed. Notification of any inaccuracy or ambiguity found in a Joint Australian/New Zealand Standard should be made without delay in order that the matter may be investigated and appropriate action taken.

This is a free preview. Purchase the entire publication at the link below:
