

Australian Standard™

Work in compressed air and hyperbaric facilities

Part 2: Hyperbaric oxygen facilities

This Australian Standard was prepared by Committee SF-046, Non-diving Work in Compressed Air and Hyperbaric Treatment Facilities. It was approved on behalf of the Council of Standards Australia on 29 March 2002 and published on 24 April 2002.

The following interests are represented on Committee SF-046:

Australian and New Zealand Hyperbaric Medicine Group
Australian and New Zealand College of Anaesthetists
Australian Industry Group
Australian Medical Association
Hyperbaric Engineering Industry Forum
Hyperbaric Technicians and Nurses Association
Institution of Engineers Australia
South Pacific Underwater Medicine Society
WorkCover New South Wales

Keeping Standards up-to-date

Standards are living documents which reflect progress in science, technology and systems. To maintain their currency, all Standards are periodically reviewed, and new editions are published. Between editions, amendments may be issued. Standards may also be withdrawn. It is important that readers assure themselves they are using a current Standard, which should include any amendments which may have been published since the Standard was purchased.

Detailed information about Standards can be found by visiting the Standards Australia web site at www.standards.com.au and looking up the relevant Standard in the on-line catalogue.

Alternatively, the printed Catalogue provides information current at 1 January each year, and the monthly magazine, *The Australian Standard*, has a full listing of revisions and amendments published each month.

We also welcome suggestions for improvement in our Standards, and especially encourage readers to notify us immediately of any apparent inaccuracies or ambiguities. Contact us via email at mail@standards.com.au, or write to the Chief Executive, Standards Australia International Ltd, GPO Box 5420, Sydney, NSW 2001.

PREFACE

This Standard was prepared by Standards Australia Committee SF-046, Non-diving Work in Compressed Air and Hyperbaric Treatment Facilities, in response to a request from the Hyperbaric Technicians and Nurses Association (HTNA).

This Standard was prepared using the Hyperbaric Oxygen Therapy Facilities Industry Guidelines (HOTFIG) as a basis. HOTFIG was prepared by participants in the hyperbaric oxygen therapy industry during the period of 1995 to 1998. HOTFIG was a consensus document prepared by a committee with membership from the HTNA, Australian and New Zealand Hyperbaric Medicine Group and operators and suppliers of hyperbaric chambers.* A wider review group provided comment on HOTFIG drafts at various stages.

The terms 'normative' and 'informative' have been used in this Standard to define the application of the appendices. A 'normative' appendix is an integral part of a Standard, whereas an 'informative' appendix is only for information and guidance.

* The Undersea and Hyperbaric Medicine Society (UHMS) *Guidelines for Clinical Multiplace Hyperbaric Facilities* was used as a basis for HOTFIG.

CONTENTS

	<i>Page</i>
SECTION 1 SCOPE AND GENERAL	
1.1 SCOPE.....	5
1.2 OBJECTIVE.....	5
1.3 REFERENCED DOCUMENTS.....	5
1.4 DEFINITIONS	5
1.5 RELATIONSHIP WITH LEGISLATION	6
SECTION 2 HYPERBARIC FACILITY	
2.1 CHAMBER ROOM.....	7
2.2 HYPERBARIC TREATMENT CHAMBER.....	8
SECTION 3 MULTIPLACE CHAMBER OPERATIONAL SYSTEMS	
3.1 GENERAL.....	11
3.2 AIR PRESSURIZATION SYSTEM	11
3.3 BREATHING GAS SYSTEMS	14
3.4 ENVIRONMENTAL CONDITIONING SYSTEM	15
3.5 COMMUNICATION SYSTEM.....	15
3.6 PATIENT MONITORING SYSTEM	16
3.7 LIGHTING SYSTEM.....	16
3.8 ELECTRICAL SYSTEMS	16
3.9 FIRE SUPPRESSION SYSTEM.....	16
3.10 SOUND ATTENUATION.....	17
3.11 CLOTHING AND TEXTILES	17
3.12 PROHIBITED AND RESTRICTED MATERIALS.....	17
SECTION 4 MONOPLACE CHAMBERS	
4.1 AIR PRESSURIZED MONOPLACE CHAMBERS.....	19
4.2 OXYGEN PRESSURIZED MONOPLACE CHAMBERS	19
4.3 FIRE SUPPRESSION SYSTEM.....	19
SECTION 5 PREVENTIVE MAINTENANCE	
5.1 SYSTEM MAINTENANCE.....	20
5.2 CHAMBER CLEANING	20
5.3 LUBRICANTS	20
SECTION 6 RISK MANAGEMENT FOR HYPERBARIC FACILITIES	
6.1 GENERAL.....	21
6.2 HAZARD IDENTIFICATION, RISK ASSESSMENT AND CONTROL PROCESS	21
6.3 HAZARD IDENTIFICATION.....	21
6.4 RISK ASSESSMENT	22
6.5 RISK CONTROL.....	22
6.6 EMERGENCY PROCEDURE PROTOCOLS	23
6.7 REGULAR REVIEW OF EMERGENCY PROCEDURES	24
SECTION 7 PERSONNEL FOR HYPERBARIC FACILITIES	
7.1 GENERAL.....	25
7.2 SENIOR PHYSICIAN IN DIVING AND HYPERBARIC MEDICINE (SHP).....	25
7.3 HYPERBARIC PHYSICIAN (HP).....	25
7.4 HYPERBARIC MEDICAL OFFICER (HMO).....	26
7.5 HYPERBARIC ATTENDANT.....	26
