## **Respiratory protective devices—Terms, definitions, graphical symbols and units of measurement**

This Australian Standard® was prepared by Committee SF-010, Occupational Respiratory Protection. It was approved on behalf of the Council of Standards Australia on 6 May 2015. This Standard was published on 30 June 2015.

---

The following are represented on Committee SF-010:

- Association of Accredited Certification Bodies
  - Australasian Fire and Emergency Service Authorities Council
  - Australian Chamber of Commerce and Industry
  - Australian Council of Trade Unions
  - Australian Industry Group
  - Australian Institute of Occupational Hygienists
  - Certification Interests, Australia
  - Composites Australia
  - Department of Defence (Australian Government)
  - Department of Trade and Investment, NSW
  - TestSafe Australia
  - WorkSafe Victoria
- 

This Standard was issued in draft form for comment as DR AS/NZS ISO 16972:2015.

Standards Australia wishes to acknowledge the participation of the expert individuals that contributed to the development of this Standard through their representation on the Committee and through the public comment period.

---

### **Keeping Standards up-to-date**

Australian Standards® are living documents that reflect progress in science, technology and systems. To maintain their currency, all Standards are periodically reviewed, and new editions are published. Between editions, amendments may be issued.

Standards may also be withdrawn. It is important that readers assure themselves they are using a current Standard, which should include any amendments that may have been published since the Standard was published.

Detailed information about Australian Standards, drafts, amendments and new projects can be found by visiting [www.standards.org.au](http://www.standards.org.au)

Standards Australia welcomes suggestions for improvements, and encourages readers to notify us immediately of any apparent inaccuracies or ambiguities. Contact us via email at [mail@standards.org.au](mailto:mail@standards.org.au), or write to Standards Australia, GPO Box 476, Sydney, NSW 2001.

## PREFACE

This Standard was prepared by the Australian members of Joint Standards Australia/Standards New Zealand Committee SF-010, Occupational Respiratory Protection, to supersede (in part) AS/NZS 1716:2012, *Respiratory protective devices*.

After consultation with stakeholders in both countries, Standards Australia and Standards New Zealand decided to develop this Standard as an Australian Standard rather than an Australian/New Zealand Standard.

The objective of this Standard is to provide definitions and specify units of measurement and graphical symbols to be used throughout the series of standards related to respiratory protective devices.

This Standard is identical with, and has been reproduced from ISO 16972:2010, *Respiratory protective devices—Terms, definitions, graphical symbols and units of measurement*.

As this Standard is reproduced from an International Standard, the following applies:

- (a) In the source text ‘this International Standard’ should read ‘this Australian Standard’.
- (b) A full point substitutes for a comma when referring to a decimal marker.

None of the normative references in the source document have been adopted as Australian or Australian/New Zealand Standards.

The term ‘informative’ has been used in this Standard to define the application of the annex to which it applies. An ‘informative’ annex is only for information and guidance.

## CONTENTS

<b>1</b>	<b>Scope .....</b>	<b>1</b>
<b>2</b>	<b>Normative references .....</b>	<b>1</b>
<b>3</b>	<b>Terms and definitions .....</b>	<b>1</b>
<b>4</b>	<b>Graphical symbols for use on RPD .....</b>	<b>12</b>
<b>4.1</b>	<b>Introduction.....</b>	<b>12</b>
<b>4.2</b>	<b>Examples of how graphical symbols may be used .....</b>	<b>13</b>
<b>4.2.1</b>	<b>See information supplied by the manufacturer.....</b>	<b>13</b>
<b>4.2.2</b>	<b>End of shelf life.....</b>	<b>13</b>
<b>4.2.3</b>	<b>Temperature range of storage conditions .....</b>	<b>13</b>
<b>4.2.4</b>	<b>Maximum humidity of storage conditions .....</b>	<b>13</b>
<b>5</b>	<b>Units of measurement.....</b>	<b>13</b>
<b>5.1</b>	<b>Units.....</b>	<b>13</b>
<b>Annex A</b>	<b>(informative) Terms and definitions referring to respiratory protective devices in current national standards, regulations or other national contexts.....</b>	<b>14</b>
