

Australian Standard™

**Double-flanged butterfly valves for  
waterworks purposes**

This Australian Standard was prepared by Committee WS-022, Valves for Water Supply Purposes. It was approved on behalf of the Council of Standards Australia on 16 November 2002 and published on 20 December 2002.

---

The following are represented on Committee WS-022:

- Australian Industry Group
- Australian Chamber of Commerce
- Australian Valve Manufacturers Association
- Master Plumbers Australia
- Plastics Industry Pipe Association of Australia
- Society of Mechanical Engineers of Australia
- Water Industry Alliance
- Water Services Association of Australia

---

#### **Keeping Standards up-to-date**

Standards are living documents which reflect progress in science, technology and systems. To maintain their currency, all Standards are periodically reviewed, and new editions are published. Between editions, amendments may be issued. Standards may also be withdrawn. It is important that readers assure themselves they are using a current Standard, which should include any amendments which may have been published since the Standard was purchased.

Detailed information about Standards can be found by visiting the Standards Australia web site at [www.standards.com.au](http://www.standards.com.au) and looking up the relevant Standard in the on-line catalogue.

Alternatively, the printed Catalogue provides information current at 1 January each year, and the monthly magazine, *The Australian Standard*, has a full listing of revisions and amendments published each month.

We also welcome suggestions for improvement in our Standards, and especially encourage readers to notify us immediately of any apparent inaccuracies or ambiguities. Contact us via email at [mail@standards.com.au](mailto:mail@standards.com.au), or write to the Chief Executive, Standards Australia International Ltd, GPO Box 5420, Sydney, NSW 2001.

## PREFACE

This Standard was prepared by the Joints Standards Australia/Standards New Zealand Committee WS-022, Valves for Water Supply Purposes, in response to a request from Water Services Association of Australia (WSAA) to provide a suitable product Standard for double-flanged butterfly valves.

The objective of this Standard is to provide material requirements and performance tests for butterfly valves in water supply systems including potable water, recycled water and screened wastewater systems, together with default compliance requirements for the use of manufacturers and certification bodies.

Statements expressed in mandatory terms in notes to tables and figures are deemed to be requirements of this Standard.

Support and contribution is acknowledged from the Water Services Association of Australia (WSAA) and manufacturers.

The terms ‘normative’ and ‘informative’ have been used in this Standard to define the application of the appendix to which they apply. A ‘normative’ appendix is an integral part of a Standard, whereas an ‘informative’ appendix is only for information and guidance.

## CONTENTS

	<i>Page</i>
<b>SECTION 1 SCOPE AND GENERAL</b>	
1.1 SCOPE .....	4
1.2 REFERENCED DOCUMENTS .....	4
1.3 DEFINITIONS .....	4
1.4 DESIGNATION OF SIZE .....	5
1.5 ALLOWABLE OPERATING PRESSURES .....	5
<b>SECTION 2 MATERIALS AND COMPONENTS</b>	
2.1 GENERAL .....	6
2.2 CORROSION-RESISTANT MATERIALS .....	6
2.3 CONTAMINATION OF WATER .....	6
2.4 O-RINGS (ELASTOMERIC TOROIDAL SEALING RINGS) .....	6
<b>SECTION 3 DESIGN</b>	
3.1 GENERAL .....	8
3.2 END CONNECTIONS .....	8
3.3 COMPONENT DESIGN .....	9
3.4 MANUAL ACTUATOR .....	13
3.5 LIFTING DEVICES .....	13
3.6 EXTENSION SPINDLE ASSEMBLY .....	13
3.7 FASTENERS .....	14
<b>SECTION 4 PROTECTIVE COATINGS</b>	
4.1 GENERAL .....	15
4.2 COMPONENTS .....	15
<b>SECTION 5 PERFORMANCE TESTS</b>	
5.1 GENERAL AND TEST SEQUENCE .....	16
5.2 TYPE TESTS .....	16
5.3 PRODUCTION TESTS .....	17
<b>SECTION 6 MARKING AND PACKAGING</b>	
6.1 BODY MARKINGS .....	19
6.2 DIRECTION OF CLOSURE FOR HANDWHEELS AND CAPS .....	19
6.3 PACKAGING .....	19
<b>APPENDICES</b>	
A MEANS FOR DEMONSTRATING COMPLIANCE WITH THIS STANDARD .....	20
B PURCHASING GUIDELINES .....	25
C REFERENCED DOCUMENTS .....	29
D ALTERNATIVE MATERIAL REQUIREMENTS .....	31
E ALTERNATIVE COATING REQUIREMENTS—TWO-PACK HIGH-BUILD EPOXY COATING .....	32
