

AS/NZS 3195:1995
(Incorporating Amendment Nos. 1, 2, 3, 4 and 5)

Australian/New Zealand Standard™

**Approval and test specification—
Portable machines for electric arc
welding and allied processes**

AS/NZS 3195:1995

This Joint Australian/New Zealand Standard was prepared by Joint Technical Committee EL-002 and EL-019, Electrical Approvals Standards and Electric Welding Plant. It was approved on behalf of the Council of Standards Australia on 2 November 1994 and on behalf of the Council of Standards New Zealand on 9 December 1994. It was published on 5 February 1995.

The following interests are represented on Committee EL-002 and EL-019:

Association of Certification Bodies
Association of New Zealand Electrical Appliances Appliance Distributors
Australian Chamber of Commerce and Industry
Australian Electrical and Electronic Manufacturers Association
Consumer Electronics Supplies Association, Australia
Electrical regulatory authorities
Electrical Supply Association of Australia
Electrical test laboratories
Electricity Supply Association of New Zealand
Institution of Engineers Australia
Metal Trades Industry Association of Australia
Ministry of Commerce (Energy Inspection), New Zealand
New Zealand Electrical Institute
New Zealand Manufacturers Federation

Additional interests participating in preparation of Standard:

Welding Technology Institute of Australia

Keeping Standards up-to-date

Standards are living documents which reflect progress in science, technology and systems. To maintain their currency, all Standards are periodically reviewed, and new editions are published. Between editions, amendments may be issued. Standards may also be withdrawn. It is important that readers assure themselves they are using a current Standard, which should include any amendments which may have been published since the Standard was purchased.

Detailed information about joint Australian/New Zealand Standards can be found by visiting the Standards Australia web site at www.standards.com.au or Standards New Zealand web site at www.standards.co.nz and looking up the relevant Standard in the on-line catalogue.

Alternatively, both organizations publish an annual printed Catalogue with full details of all current Standards. For more frequent listings or notification of revisions, amendments and withdrawals, Standards Australia and Standards New Zealand offer a number of update options. For information about these services, users should contact their respective national Standards organization.

We also welcome suggestions for improvement in our Standards, and especially encourage readers to notify us immediately of any apparent inaccuracies or ambiguities. Please address your comments to the Chief Executive of either Standards Australia International or Standards New Zealand at the address shown on the back cover.
