

**Asset management—Management
systems—Guidelines for the application
of AS ISO 55001**

This Australian Standard® was prepared by Committee MB-019, Asset Management. It was approved on behalf of the Council of Standards Australia on 20 October 2014. This Standard was published on 11 November 2014.

The following are represented on Committee MB-019:

- Asset Management Council
 - Austroads
 - Cooperative Research Centre for Infrastructure and Engineering Asset Management
 - CRC Mining
 - Defence Materiel Organisation (Australian Government)
 - Energy Networks Association
 - Institute of Public Works Engineering Australasia
 - National Offshore Petroleum Safety and Environmental Management Authority
 - Professionals Australia
 - University of Western Australia
 - Water Services Association of Australia
-

This Standard was issued in draft form for comment as DR AS ISO 55002:2014.

Standards Australia wishes to acknowledge the participation of the expert individuals that contributed to the development of this Standard through their representation on the Committee and through the public comment period.

Keeping Standards up-to-date

Australian Standards® are living documents that reflect progress in science, technology and systems. To maintain their currency, all Standards are periodically reviewed, and new editions are published. Between editions, amendments may be issued.

Standards may also be withdrawn. It is important that readers assure themselves they are using a current Standard, which should include any amendments that may have been published since the Standard was published.

Detailed information about Australian Standards, drafts, amendments and new projects can be found by visiting www.standards.org.au

Standards Australia welcomes suggestions for improvements, and encourages readers to notify us immediately of any apparent inaccuracies or ambiguities. Contact us via email at mail@standards.org.au, or write to Standards Australia, GPO Box 476, Sydney, NSW 2001.

PREFACE

This Standard was prepared by the Standards Australia Committee MB-019, Asset Management.

The objective of this Standard is to provide guidance for the application of a management system for asset management in accordance with the requirements of AS ISO 55001.

This Standard is to be read in conjunction with AS ISO 55000 and AS ISO 55001.

This Standard is identical with, and has been reproduced from, ISO 55002:2014, *Asset management—Management systems—Guidelines for the application of ISO 55001*.

As this Standard is reproduced from an International Standard, the following applies:

- (a) In the source text ‘this International Standard’ should read ‘this Australian Standard’.
- (b) A full point substitutes for a comma when referring to a decimal marker.

References to International Standards should be replaced by references to Australian or Australian/New Zealand Standards, as follows:

<i>Reference to International Standard</i>		<i>Australian Standard</i>	
ISO		AS ISO	
55000	Asset management—Overview, principles and terminology	55000	Asset management—Overview, principles and terminology
55001	Asset management—Management systems—Requirements	55001	Asset management—Management systems—Requirements

The term ‘informative’ has been used in this Standard to define the application of the annex to which it applies. An ‘informative’ annex is only for information and guidance.

CONTENTS

1	Scope	1
2	Normative references	1
3	Terms and definitions	1
4	Context of the organization	1
	4.1 Understanding the organization and its context	1
