

AS/NZS 61000.2.3:1999

IEC 61000-2-3:1992

Reconfirmed 2016

Australian/New Zealand Standard™

Electromagnetic compatibility (EMC)

Part 2.3: Environment—Description of the environment—Radiated and non-network-frequency-related conducted phenomena

[IEC title: Electromagnetic compatibility (EMC), Part 2: Environment,
Section 3: Description of the environment—Radiated and
non-network-frequency-related conducted phenomena]

AS/NZS 61000.2.3:1999

This Joint Australian/New Zealand Standard was prepared by Joint Technical Committee TE/3, Electromagnetic Interference. It was approved on behalf of the Council of Standards Australia on 6 November 1998 and on behalf of the Council of Standards New Zealand on 12 November 1998. It was published on 5 March 1999.

The following interests are represented on Committee TE/3:

Association of Consulting Engineers Australia
Australian Broadcasting Corporation
Australian Chamber of Commerce and Industry
Australian Communications Authority
Australian Electrical and Electronic Manufacturers Association
Australian Information Industry Association
Australian Subscription Television and Radio Association
Commonwealth Scientific and Industrial Research Organization
Consumer Electronics Suppliers Association Australia
Department of Defence (Australia)
Electrical Compliance Testing Association Australia
Federation of Australian Commercial TV Stations
Institution of Engineers Australia
Institution of Radio and Electronics Engineers Australia
International Accreditation New Zealand
Ministry of Commerce New Zealand
National Standards Commission Australia
Optus Communications
Public Transport Corporation Australia
Society of Automotive Engineers—Australasia
Telstra Corporation
Wireless Institute Australia

Review of Standards. To keep abreast of progress in industry, Joint Australian/New Zealand Standards are subject to periodic review and are kept up to date by the issue of amendments or new editions as necessary. It is important therefore that Standards users ensure that they are in possession of the latest edition, and any amendments thereto.

Full details of all Joint Standards and related publications will be found in the Standards Australia and Standards New Zealand Catalogue of Publications; this information is supplemented each month by the magazines 'The Australian Standard' and 'Standards New Zealand', which subscribing members receive, and which give details of new publications, new editions and amendments, and of withdrawn Standards.

Suggestions for improvements to Joint Standards, addressed to the head office of either Standards Australia or Standards New Zealand, are welcomed. Notification of any inaccuracy or ambiguity found in a Joint Australian/New Zealand Standard should be made without delay in order that the matter may be investigated and appropriate action taken.
