

AS 3978—2003

Reconfirmed 2022

AS 3978

Australian Standard™

**Non-destructive testing—Visual
inspection of metal products and
components**

This Australian Standard was prepared by Committee MT-007, Non-destructive Testing of Metals and Materials. It was approved on behalf of the Council of Standards Australia on 29 September 2003 and published on 24 November 2003.

The following are represented on Committee MT-007:

- Australasian Railway Association
- Australian Aerospace Non-Destructive Testing Committee
- Australian Industry Group
- Australian Institute for Non-Destructive Testing
- Australian Nuclear Science & Technology Organization
- Australian Pipeline Industry Associations
- Bureau of Steel Manufacturers of Australia
- Institution of Engineers Australia
- NATA
- Testsafe Australia
- Victorian Workcover Authority
- Welding Technology Institute of Australia

Keeping Standards up-to-date

Standards are living documents which reflect progress in science, technology and systems. To maintain their currency, all Standards are periodically reviewed, and new editions are published. Between editions, amendments may be issued. Standards may also be withdrawn. It is important that readers assure themselves they are using a current Standard, which should include any amendments which may have been published since the Standard was purchased.

Detailed information about Standards can be found by visiting the Standards Australia web site at www.standards.com.au and looking up the relevant Standard in the on-line catalogue.

Alternatively, the printed Catalogue provides information current at 1 January each year, and the monthly magazine, *The Global Standard*, has a full listing of revisions and amendments published each month.

We also welcome suggestions for improvement in our Standards, and especially encourage readers to notify us immediately of any apparent inaccuracies or ambiguities. Contact us via email at mail@standards.com.au, or write to the Chief Executive, Standards Australia International Ltd, GPO Box 5420, Sydney, NSW 2001.

This Standard was issued in draft form for comment as DR 03228.
