

AS/NZS 3200.2.36:1998
IEC 60601-2-36:1994

Australian/New Zealand Standard™

**Approval and test specification—
Medical electrical equipment**

**Part 2.36: Particular requirements
for safety—Extracorporeally
induced lithotripsy**

[IEC title: Medical electrical equipment, Part 2: Particular requirements
for the safety of equipment extracorporeally induced lithotripsy]

AS/NZS 3200.2.36:1998

This Joint Australian/New Zealand Standard was prepared by Joint Technical Committee HE/3, Medical Electrical Equipment. It was approved on behalf of the Council of Standards Australia on 1 May 1998 and on behalf of the Council of Standards New Zealand on 7 May 1998. It was published on 5 July 1998.

The following interests are represented on Committee HE/3:

Australasian College of Physical Scientists and Engineers in Medicine
Australasian Society for Ultrasound in Medicine
Australian & New Zealand College of Anaesthetists
Australian Chamber of Commerce and Industry
Australian Dental Association
Australian Institute of Radiography
Australian Radiation Laboratory
Australian Society of Anaesthetists
College of Biomedical Engineering Institution of Engineers Australia
Commonwealth Department of Health and Family Services
Department of Defence (Australia)
Health Industry Suppliers Association of New Zealand
Medical Industry Association of Australia Inc.
Ministry of Commerce, New Zealand
Royal Australasian College of Surgeons
Royal Australasian College of Physicians
Royal Australasian College of Radiologists

Review of Standards. To keep abreast of progress in industry, Joint Australian/New Zealand Standards are subject to periodic review and are kept up to date by the issue of amendments or new editions as necessary. It is important therefore that Standards users ensure that they are in possession of the latest edition, and any amendments thereto.

Full details of all Joint Standards and related publications will be found in the Standards Australia and Standards New Zealand Catalogue of Publications; this information is supplemented each month by the magazines 'The Australian Standard' and 'Standards New Zealand', which subscribing members receive, and which give details of new publications, new editions and amendments, and of withdrawn Standards.

Suggestions for improvements to Joint Standards, addressed to the head office of either Standards Australia or Standards New Zealand, are welcomed. Notification of any inaccuracy or ambiguity found in a Joint Australian/New Zealand Standard should be made without delay in order that the matter may be investigated and appropriate action taken.
