

AS 3134—1992

Australian Standard[®]

**Approval and test specification—
a.c. supplied electronic ballasts for
tubular fluorescent lamps**

[Defence Title allocated by Codification and Standardisation Authority:
BALLAST, LAMP—APPROVAL AND TEST SPECIFICATION
NATO Supply Classification 6250]

This Australian Standard was prepared by Committee LG/3, Auxiliaries for Discharge Lamps. It was approved on behalf of the Council of Standards Australia on 17 August 1992 and published on 12 October 1992.

The following interests are represented on Committee LG/3:

Association of Consulting Engineers Australia
Australian Chamber of Manufactures
Australian Electrical and Electronic Manufacturers Association
Confederation of Australian Industry
Electrical regulatory authorities
Electricity Supply Association of Australia
Illuminating Engineering Societies of Australia
Ministry of Housing and Construction, Vic.
Public Works Department, N.S.W.

Review of Australian Standards. To keep abreast of progress in industry, Australian Standards are subject to periodic review and are kept up to date by the issue of amendments or new editions as necessary. It is important therefore that Standards users ensure that they are in possession of the latest edition, and any amendments thereto.

Full details of all Australian Standards and related publications will be found in the Standards Australia Catalogue of Publications; this information is supplemented each month by the magazine 'The Australian Standard', which subscribing members receive, and which gives details of new publications, new editions and amendments, and of withdrawn Standards.

Suggestions for improvements to Australian Standards, addressed to the head office of Standards Australia, are welcomed. Notification of any inaccuracy or ambiguity found in an Australian Standard should be made without delay in order that the matter may be investigated and appropriate action taken.
