

AS 2430.1—1987

Australian Standard[®]

Classification of hazardous areas

Part 1: Explosive gas atmospheres

This Australian standard was prepared by Committee MS/11, Classification of Hazardous Areas. It was approved on behalf of the Council of the Standards Association of Australia on 9 December 1986 and published on 2 February 1987.

The following interests are represented on Committee MS/11:

Australian Electrical and Electronic Manufacturers Association
Australian Gas Association
Australian Institute of Petroleum
Australian Liquefied Petroleum Gas Association
Confederation of Australian Industry
Department of Defence
Department of Labour, Vic.
Department of Industrial Relations, N.S.W.
Department of Mines, Qld
Electricity Supply Association of Australia
Grain Handling authority of N.S.W.
Insurance Council of Australia
Royal Australian Chemical Institute
State electricity regulatory authorities
The Pipeline Authority

Review of Australian Standards. *To keep abreast of progress in industry, Australian Standards are subject to periodic review and are kept up to date by the issue of amendments or new editions as necessary. It is important therefore that Standards users ensure that they are in possession of the latest edition, and any amendments thereto.*

Full details of all Australian Standards and related publications will be found in the Standards Australia Catalogue of Publications; this information is supplemented each month by the magazine 'The Australian Standard', which subscribing members receive, and which gives details of new publications, new editions and amendments, and of withdrawn Standards.

Suggestions for improvements to Australian Standards, addressed to the head office of Standards Australia, are welcomed. Notification of any inaccuracy or ambiguity found in an Australian Standard should be made without delay in order that the matter may be investigated and appropriate action taken.
