Australian Consumers Association
Australian Electrical and Electronic Manufacturers Association
Australian Industry Group
Australian Retailers Association
Business New Zealand
Consumer Electronic Suppliers Association
Department of minerals and Energy, Qld
Department of Industrial Relations, Qld
Electrical Compliance Testing Association
Energy Efficiency and Conservation Authority New Zealand
Ministry of Energy and Utilities, New South Wales
National Appliance and Equipment Energy Efficiency Committee
National Association of Testing Authorities Australia
New Zealand Manufacturers Federation
Office of the Chief Electrical Inspector, Victoria
Office of the Technical Regulator, South Australia

Additional Interests:

Air Conditioning and Refrigeration Equipment Manufacturers Association
Institute of Refrigeration Heating and Air Conditioning Engineers of
New Zealand
Institution of Professional Engineers New Zealand
Primary Industries and Resources, South Australia
Testing Interest Australia

Keeping Standards up-to-date

Standards are living documents which reflect progress in science, technology and systems. To maintain their currency, all Standards are periodically reviewed, and new editions are published. Between editions, amendments may be issued. Standards may also be withdrawn. It is important that readers assure themselves they are using a current Standard, which should include any amendments which may have been published since the Standard was purchased.

Detailed information about joint Australian/New Zealand Standards can be found by visiting the Standards Web Shop at www.saiglobal.com.au or Standards New Zealand web site at www.standards.co.nz and looking up the relevant Standard in the on-line catalogue.

For more frequent listings or notification of revisions, amendments and withdrawals, Standards Australia and Standards New Zealand offer a number of update options. For information about these services, users should contact their respective national Standards organization.

We also welcome suggestions for improvement in our Standards, and especially encourage readers to notify us immediately of any apparent inaccuracies or ambiguities. Please address your comments to the Chief Executive of either Standards Australia or Standards New Zealand at the address shown on the back cover.

This Standard was issued in draft form for comment as DR 05315.
