HB 242—2007

Handbook

High voltage mining equipment for use underground

This Australian Handbook was prepared by Committee EL-023, Electrical Equipment in Mines. It was approved on behalf of the Council of Standards Australia on 31 October 2007. This Handbook was published on 31 December 2007.

The following are represented on Committee EL-023:

- Australian Chamber of Commerce and Industry
- Australian Coal Association
- Australian Industry Group
- Department of Natural Resources and Mines, Qld
- Department of Primary Industries, Mine Safety, NSW
- Electrical Apparatus Service Association
- Electrical Regulatory Authorities Council
- Mining Electrical and Mining Mechanical Engineering Society
- National Association of Testing Authorities Australia
- New Zealand Association of Marine, Aviation and Power Engineers
- New Zealand Hazardous Areas Electrical Coordinating Committee
- Regulatory Interests, New Zealand
- Simtars (Natural Resources and Water)
- Solid Energy
- University of Newcastle
- WorkCover New South Wales

Standards Australia wishes to acknowledge the participation of the expert individuals that contributed to the development of this Standard through their representation on the Committee.

Keeping Standards up-to-date

Australian Standards® are living documents that reflect progress in science, technology and systems. To maintain their currency, all Standards are periodically reviewed, and new editions are published. Between editions, amendments may be issued.

Standards may also be withdrawn. It is important that readers assure themselves they are using a current Standard, which should include any amendments that may have been published since the Standard was published.

Detailed information about Australian Standards, drafts, amendments and new projects can be found by visiting **www.standards.org.au**

Standards Australia welcomes suggestions for improvements, and encourages readers to notify us immediately of any apparent inaccuracies or ambiguities. Contact us via email at **mail@standards.org.au**, or write to Standards Australia, GPO Box 476, Sydney, NSW 2001.
