I.S. HD 60364-7-710:2012

Low-voltage electrical installations -- Part 7-710: Requirements for special installations or locations - Medical locations (IEC 60364-7-710:2002 (MOD))

I.S. HD 60364-7-710:2012

Incorporating amendments/corrigenda issued since publication:

HD 60364-7-710:2012/AC:2013

The National Standards Authority of Ireland (NSAI) produces the following categories of formal documents:

I.S. xxx: Irish Standard – national specification based on the consensus of an expert panel and subject to public consultation.

S.R. xxx: Standard Recommendation - recommendation based on the consensus of an expert panel and subject to public consultation.

SWiFT xxx: A rapidly developed recommendatory document based on the consensus of the participants of an NSAI workshop.

Corrigendum to HD 60364-7-710:2012

English version

Add the following special national conditions to the Annex ZA:

Subclause	Special national conditions
710.415.2.2	Slovakia Replace the first paragraph as follows: In medical locations of group 1 the resistance of the protective conductors, including the resistance of the connections, between the terminals for the protective conductor of socket-outlets and of fixed equipment or any extraneous-conductive-parts and the equipotential bonding bus bar, shall not exceed 0,2 Ω .
710.512.2.1	Slovakia Replace the paragraph above NOTE 4 as follows: Electrical devices (e.g. socket-outlets and switches) shall be installed at a distance of at least 0,2 m in all directions (centre to centre) from any medical gas-outlets, so as to minimize the risk of ignition of flammable gases.
Table B.1, line 19	Slovakia In Slovakia, haemodialysis rooms fall into group 2.

This Harmonization Document was approved by CENELEC on 2012-01-09. CENELEC members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for implementation of this Harmonization Document at national level.

Up-to-date lists and bibliographical references concerning such national implementations may be obtained on application to the CEN-CENELEC Management Centre or to any CENELEC member.

This Harmonization Document exists in three official versions (English, French, German).

CENELEC members are the national electrotechnical committees of Austria, Belgium, Bulgaria, Croatia, Cyprus, the Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, the Netherlands, Norway, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden, Switzerland, Turkey and the United Kingdom.

Foreword

This document (HD 60364-7-710:2012) consists of the text of IEC 60364-7-710:2002 prepared by IEC/TC 64 "Electrical installations and protection against electric shock", together with the common modifications prepared by CLC/TC 64, "Electrical installations and protection against electric shock".

The following dates are fixed:

- latest date by which the document has to be implemented at national level (dop) 2013-01-09
by publication of an identical national standard or by endorsement
- latest date by which the national standards conflicting with the document have to be withdrawn (dow) 2015-01-09

Attention is drawn to the possibility that some of the elements of this document may be the subject of patent rights. CENELEC [and/or CEN] shall not be held responsible for identifying any or all such patent rights.

Endorsement notice

The text of the International Standard IEC 60364-7-710:2002 was approved by CENELEC as a European Standard with common modifications.
