-----

The Institute for Industrial Research and Standards in exercise of the power conferred by Section 20 of the Industrial Research and Standards Act, 1961 (No. 20 of 1961 ), and with the consent of the Minister for Industry and Commerce hereby declares as follows :

1. This instrument may be cited as the Standard Specification (Varistors (Style RVS 10 )) Declaration, 1987.
2. (1) The Specification set forth in the Schedule to this declaration is hereby declared to be the standard specification for Varistors (Style RVS 10 ).  
  
(2) The said standard specification may be cited as Irish Standard 408 : 1987 or as I.S. 408 : 1987.

## PREFACE

This standard specification has been formulated under the direction of the National Standards Authority of Ireland (NSAI) and with the consent of the Minister for Industry and Commerce. It covers the detailed technical requirements for voltage sensitive resistors (varistors) (style RVS 10) for commercial and related usage.

The National Standards Authority of Ireland operates, on behalf of the Institute for Industrial Research and Standards, a certification marking scheme and may grant to a person a licence to use, subject to certain conditions, a standard mark in connection with the devices covered by this standard specification.

Under clauses 26 and 46 of the Industrial Research and Standards Act of 1961 the Minister has the power to prosecute a manufacturer or other person who unlawfully uses the standard mark.

Acknowledgement is made to the authorities responsible for the preparation of the specification prescribed in the Schedule to this Irish Standard. For the convenience of users a copy of the said specification is supplied with the Irish Standard.

## SCHEDULE

### VARISTORS

(STYLE RVS 10)

This standard specification comprises all requirements of USA specification MIL-R-83530/1 of 10 March 1936.

## ANNEX

The above referenced MIL-R-83530/1, attached herewith forms the Annex to this standard specification.
