EUROPEAN STANDARD

EN 13085

NORME EUROPÉENNE

EUROPÄISCHE NORM

January 2001

ICS 79.100; 91.180

English version

Wallcoverings - Specification for cork rolls

Revêtements muraux - Spécification pour les rouleaux en liège

Wandbekleidungen - Festlegung für Korkrollen

This European Standard was approved by CEN on 6 January 2001.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Management Centre or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Management Centre has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Czech Republic, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.

Foreword

This European Standard has been prepared by Technical Committee CEN/TC 99 "Wallcoverings", the secretariat of which is held by BSI.

This European Standard shall be given the status of a national standard, either by publication of an identical text or by endorsement, at the latest by July 2001, and conflicting national standards shall be withdrawn at the latest by July 2001.

According to the CEN/CENELEC Internal Regulations, the national standards organizations of the following countries are bound to implement this European Standard: Austria, Belgium, Czech Republic, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and the United Kingdom.

1 Scope

This European Standard specifies the requirements of cork wallcoverings in roll form to be used within buildings. The standard contains provisions for the evaluation of conformity of the product. It also includes requirements for marking, packaging and labelling.

2 Normative references

This European Standard incorporates by dated or undated reference, provisions from other publications. These normative references are cited at the appropriate places in the text and the publications are listed hereafter. For dated references subsequent amendments to, or revisions of any of these publication apply to this European Standard only when incorporated in it by amendment or revision. For undated references the latest edition of the publication referred to applies (including amendments).

EN 426	<i>Resilient floor coverings - Determination of width, length, straightness and flatness of sheet material</i>
EN 12105	<i>Resilient floor coverings - Determination of moisture content of agglomerated composition cork</i>
EN 12149	<i>Wallcoverings in roll form - Determination of migration of heavy metals and certain other elements, of vinyl chloride monomer and of formaldehyde release</i>
ISO 4708:2000	<i>Composition cork - Gasket material - Test methods</i>
ISO 7322:2000	<i>Composition cork - Test methods</i>
EN ISO 9001	<i>Quality systems - Model for quality assurance in design, development, production, installation and servicing (ISO 9001:1994)</i>
EN ISO 9002	<i>Quality systems - Model for quality assurance in production, installation and servicing (ISO 9002:1994)</i>

3 Terms and definitions

For the purposes of this European Standard the following terms and definitions apply:

3.1

cork

protective layer of the cork oak tree (*Quercus suber L.*) which can be periodically removed from its trunk and branches to provide the raw material for cork products

3.2

granulated cork

fragments of cork obtained by grinding and/or milling raw or manufactured cork

3.3

agglomerated composition cork

product obtained from the agglutination of granulated cork with the addition of a binder not derived from cork cells
