OF

SPECIFICATION

ENTITLED

PLASTICS PIPING SYSTEMS - BRACKETS FOR RAINWATER PIPING SYSTEMS -
TEST METHOD FOR BRACKET STRENGTH

AS

THE IRISH STANDARD SPECIFICATION FOR

PLASTICS PIPING SYSTEMS - BRACKETS FOR RAINWATER PIPING SYSTEMS -
TEST METHOD FOR BRACKET STRENGTH

NSAI in exercise of the power conferred by section 16 (3) of the National Standards Authority of Ireland Act, 1966 (No. 28 of 1996) and with the consent of the Minister for Enterprise, Trade and Employment, hereby declares as follows:

1. This instrument may be cited as the Standard Specification (Plastics piping systems - Brackets for rainwater piping systems - Test method for bracket strength) Declaration, 1997.
2. (1) The Specification set forth in the schedule to this declaration is hereby declared to be the standard specification for Plastics piping systems - Brackets for rainwater piping systems - Test method for bracket strength. The Schedule comprises the text of EN 12095:1997.
(2) The said standard specification may be cited as Irish Standard EN 12095:1997 or as I.S. EN 12095:1997.

Regenwasser-Rohrleitungssysteme - Prüfverfahren
der Schellen-Festigkeit

This European Standard was approved by CEN on 1996-12-27. CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

The European Standards exist in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.

EN 12095:1997

Foreword

This European standard has been prepared by Technical Committee CEN/TC 155 "Plastics piping systems and ducting systems", the secretariat of which is held by NNI

This European Standard shall be given the status of a national standard, either by publication of an identical text or by endorsement, at the latest by August 1997, and conflicting national standards shall be withdrawn at the latest by August 1997.

This European standard has been prepared in liaison with CEN/TC 128 "Roof covering products for discontinuous laying".

The material-dependent parameters and/or performance requirements are incorporated in the System Standard(s) concerned.

This standard is one of a series of standards on test methods which support System Standards for plastics piping systems and ducting systems.

According to the CEN/CENELEC Internal Regulations, the national standards organizations of the following countries are bound to implement this European Standard: Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and the United Kingdom.
