EUROPEAN STANDARD NORME EUROPÉENNE EUROPÄISCHE NORM

EN 61076-4-103

April 1999

ICS 31.220.10

English version

Connectors for use in d.c. low-frequency analogue and digital high speed data applications

Part 4-103: Printed board connectors with assessed quality

Detail specification for two-part connectors with shielding and a basic grid of 2,5 mm

(IEC 61076-4-103:1999)

Connecteurs pour applications analogiques en courant continu et à basse fréquence et pour applications numériques utilisant des débits élevés pour le transfert des données Partie 4-103: Connecteurs pour cartes imprimées sous assurance de la qualité Spécification particulière pour connecteurs en deux parties avec blindage au pas de base de 2,5 mm (CEI 61076-4-103:1999)

Steckverbindungen für Gleichspannungs- und Niederfrequenzenwendungen sowie digitale Anwendungen mit hoher Übertragungsrate Teil 4-103: Steckverbinder für gedruckte Schaltungen mit bewerteter Qualität Bauartspezifikation für geschirmte indirekte Steckverbinder, Raster 2,5 mm (IEC 61076-4-103:1999)

This European Standard was approved by CENELEC on 1999-04-01. CENELEC members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CENELEC member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CENELEC member into its own language and notified to the Central Secretariat has the same status as the official versions.

CENELEC members are the national electrotechnical committees of Austria. Belgium, Czech Republic, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.

Foreword

The text of document 48B/737/FDIS, future edition 1 of IEC 61076-4-103, prepared by SC 48B, Connectors, of IEC TC 48, Electromechanical components and mechanical structures for electronic equipment, was submitted to the IEC-CENELEC parallel vote and was approved by CENELEC as EN 61076-4-103 on 1999-04-01.

The following cates were fixed:

 latest date by which the EN has to be implemented at national level by publication of an identical national standard or by endorsement

(dop) 2000-01-01

 latest date by which the national standards conflicting with the EN have to be withdrawn

(dow) 2002-01-01

Annexes designated "normative" are part of the body of the standard. In this standard, annex ZA is normative.
Annex ZA has been added by CENELEC.

Endorsement notice

The text of the International Standard IEC 61076-4-103:1999 was approved by CENELEC as a European Standard without any modification.

Annex ZA (normative)

Normative references to international publications with their corresponding European publications

This European Standard incorporates by dated or undated reference, provisions from other publications. These normative references are cited at the appropriate places in the text and the publications are listed hereafter. For dated references, subsequent amendments to or revisions of any of these publications apply to this European Standard only when incorporated in it by amendment or revision. For undated references the latest edition of the publication referred to applies (including amendments).

NOTE: When an international publication has been modified by common modifications, indicated by (mod), the relevant EN/HD applies.
