This European Standard was ratified by CENELEC on 1986-02-27.  
CENELEC members are bound to comply with the requirements of the CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the CENELEC Central Secretariat or to any CENELEC member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CENELEC member into its own language and notified to CENELEC Central Secretariat has the same status as the official versions.

CENELEC members are the national electrotechnical committees of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.

## BRIEF HISTORY

The CENELEC Questionnaire Procedure performed for finding out whether or not IEC 799 (1st edition, 1984) could be accepted without textual changes, has shown that a number of CENELEC common modifications were necessary for the acceptance of IEC 799 as a European Standard (EN). The Reference Document was submitted to the CENELEC members for vote and acceptance by CENELEC.

## TECHNICAL TEXT

The text of the International Standard IEC 799 (1st edition, 1984) was approved by CENELEC on 28th February 1986 as a European Standard with agreed common modification.

For the sake of clarity this CENELEC common modification has been incorporated at the appropriate place in the text of IEC 799 (1984). This has been marked by a vertical line at the left-hand margin. The relevant parts of the original IEC text have been quoted as 'INFORMATION' directly after the text of the common modification.

The following dates were fixed:

doa	1986-07-01
dolp/dow	1987-07-01

Appendices designated 'normative' are part of the body of the Standard. Appendices designated as 'informative' are given only for information.
