Descriptors: Telecommunications, radiocommunications, communication equipment, earth station, microwave frequencies, digital  
technics, measurements, characteristics

English version

**Methods of measurement for equipment used in  
digital microwave radio transmission systems**  
**Part 3: Measurements on satellite earth stations**  
**Section 13: VSAT systems**  
**(IEC 835-3-13:1996)**

Méthodes de mesure applicables  
au matériel utilisé pour les systèmes  
de transmission numérique en  
hyperfréquence  
Partie 3: Mesures applicables aux  
stations terriennes de  
télécommunications par satellite  
Section 13: Systèmes VSAT  
(CEI 835-3-13:1996)

Meßverfahren für Geräte in digitalen  
Mikrowellen-Funkübertragungssystemen  
Teil 3: Messungen an  
Satelliten-Erdfunkstellen  
Hauptabschnitt 13: VSAT-Systeme  
(IEC 835-3-13:1996)

This European Standard was approved by CENELEC on 1996-07-02. CENELEC members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CENELEC member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CENELEC member into its own language and notified to the Central Secretariat has the same status as the official versions.

CENELEC members are the national electrotechnical committees of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.

### Foreword

The text of document 12E/237/FDIS, future edition 1 of IEC 835-3-13, prepared by SC 12E, Radio-relay and fixed satellite communication systems, of IEC TC 12, Radiocommunications, was submitted to the IEC-CENELEC parallel vote and was approved by CENELEC as EN 60835-3-13 on 1996-07-02.

The following dates were fixed:

- latest date by which the EN has to be implemented  
at national level by publication of an identical  
national standard or by endorsement (dop) 1997-04-01
- latest date by which the national standards conflicting  
with the EN have to be withdrawn (dow) 1997-04-01

Annexes designated "normative" are part of the body of the standard.

Annexes designated "informative" are given for information only.

In this standard, annex ZA is normative and annex A is informative.

Annex ZA has been added by CENELEC.

---

### Endorsement notice

The text of the International Standard IEC 835-3-13:1996 was approved by CENELEC as a European Standard without any modification.

---

**Annex ZA (normative)****Normative references to international publications  
with their corresponding European publications**

This European Standard incorporates by dated or undated reference, provisions from other publications. These normative references are cited at the appropriate places in the text and the publications are listed hereafter. For dated references, subsequent amendments to or revisions of any of these publications apply to this European Standard only when incorporated in it by amendment or revision. For undated references the latest edition of the publication referred to applies (including amendments).

NOTE: When an international publication has been modified by common modifications, indicated by (mod), the relevant EN/HD applies.
