FOREWORD

This amendment to EN 50089:1992 was prepared jointly by the CENELEC Technical Committees TC 17C, High-voltage enclosed switchgear and controlgear, and TC 20, Electric cables.

The text was submitted to the CENELEC members for formal vote in April 1993 and was approved by CENELEC as amendment A1 to EN 50089:1992 on 1993-12-08.

The following dates are applicable:

- latest date of publication of an identical national standard (dop) 1994-10-01
- latest date of withdrawal of conflicting national standards (dow) 1994-10-01

Text of the amendment

Clause 2 Scope

Add the following subclause:

2.3 Responsibilities for the supply of the cable connections

Where the cable connections are supplied by the cable manufacturer the responsibility for ensuring that the connections comply in all respects with this standard rests with the cable manufacturer.

Where the cable connections are supplied by the switchgear manufacturer the responsibility for ensuring that the connections comply in all respects with this standard rests with the switchgear manufacturer.

Where the cable connections are not supplied by the cable manufacturer or the switchgear manufacturer, the responsibility for ensuring that the connections comply in all respects with this standard rests with the cable accessory supplier.
