FOREWORD

The CENELEC questionnaire procedure, performed for finding out whether or not the International Standard IEC 420:1990 could be accepted without textual changes, has shown that no common modifications were necessary for the acceptance as European Standard.

The reference document was submitted to the CENELEC members for formal vote and was approved by CENELEC as EN 60420 on 6 July 1993.

The following dates were fixed:

- latest date of publication of an identical national standard (dop) 1994-04-01
- latest date of withdrawal of conflicting national standards (dow) 1994-04-01

For products which have complied with the relevant national standard before 1994-04-01, as shown by the manufacturer or by a certification body, this previous standard may continue to apply for production until 1999-04-01.

Annexes designated "normative" are part of the body of the standard. In this standard, annex ZA is normative.
