DECLARATION

OF

SPECIFICATION

ENTITLED

GENERIC SPECIFICATION: ELECTROMECHANICAL ALL-OR-NOTHING RELAYS.
PART 3: TEST AND MEASUREMENT PROCEDURES

AS

THE IRISH STANDARD SPECIFICATION FOR

GENERIC SPECIFICATION: ELECTROMECHANICAL ALL-OR-NOTHING RELAYS.
PART 3: TEST AND MEASUREMENT PROCEDURES

NSAI in exercise of the power conferred by section 16 (3) of the National Standards Authority of Ireland Act, 1966 (No. 28 of 1996) and with the consent of the Minister for Enterprise, Trade and Employment, hereby declares as follows:

1. This instrument may be cited as the Standard Specification (Generic specification: Electromechanical all-or-nothing relays. Part 3: Test and measurement procedures) Declaration, 1998.
2. (1) The Specification set forth in the schedule to this declaration is hereby declared to be the standard specification for Generic specification: Electromechanical all-or-nothing relays. Part 3: Test and measurement procedures. The Schedule comprises the text of EN 116000-3:1996.
(2) The said standard specification may be cited as Irish Standard EN 116000-3:1998 or as I.S. EN 116000-3:1998.

**Generic specification: Electromechanical all-or-nothing relays
Part 3: Test and measurement procedures**

Spécification générique: Relais
électromécaniques de tout-ou-rien
Partie 3: Méthodes d'essai et de mesure

Fachgrundspezifikation:
Elektromechanische Schaltrelais
Teil 3: Prüf- und Meßverfahren

This European Standard was approved by CENELEC on 1995-11-28. CENELEC members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CENELEC member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CENELEC member into its own language and notified to the Central Secretariat has the same status as the official versions.

CENELEC members are the national electrotechnical committees of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.

Central Secretariat: rue de Stassart 35, B - 1050 Brussels

FOREWORD

This European Standard was prepared by the Technical Committee CENELEC TC/CECC SC 94, Relays.

The text of the draft was submitted to the Unique Acceptance Procedure and was approved by CENELEC as EN 116000-3 on 1995-11-28.

The following dates were fixed:

- latest date by which the EN has to be implemented
at national level by publication of an identical
national standard or by endorsement (dop) 1996-12-01
- latest date by which the national standards conflicting
with the EN have to be withdrawn (dow) 1996-12-01

In order to make it obvious that the technical contents of this Generic Specification for electromechanical all-or-nothing relays can be used not only within the CECC quality assessment system, but also for any other appropriate purpose, the definitions and the test and measurement procedures are now issued separately in this Part 3 of the Generic Specification.

For application within the CECC quality assessment system, this specification has to be used in conjunction with EN 116000-1:1996.
