

DECLARATION

OF

SPECIFICATION

ENTITLED

PRIVATE TELECOMMUNICATION NETWORK (PTN); INTER-EXCHANGE SIGNALLING
PROTOCOL NAME IDENTIFICATION SUPPLEMENTARY SERVICES

AS

THE IRISH STANDARD SPECIFICATION FOR

PRIVATE TELECOMMUNICATION NETWORK (PTN); INTER-EXCHANGE SIGNALLING
PROTOCOL NAME IDENTIFICATION SUPPLEMENTARY SERVICES

EOLAS - The Irish Science and Technology Agency in exercise of the power conferred by section 20 (3) of the Industrial Research and Standards Act, 1961 (No. 20 of 1961) and the Science and Technology Act, 1987 (No. 30 of 1987), and with the consent of the Minister for Enterprise and Employment, hereby declares as follows:

1. This instrument may be cited as the Standard Specification (Private Telecommunication Network (PTN); Inter-Exchange Signalling Protocol Name Identification Supplementary Services) Declaration, 1993.
2. (1) The Specification set forth in the Schedule to this declaration is hereby declared to be the standard specification for Private Telecommunication Network (PTN); Inter-Exchange Signalling Protocol Name Identification Supplementary Services. The Schedule comprises the text of ETS 300238 : 1993.

(2) The said standard specification may be cited as Irish Standard/ETS 300238:1993 or as I.S./ETS 300238:1993.

Foreword

This European Telecommunication Standard (ETS) has been produced by the European Computer Manufacturers Association (ECMA) on behalf of its members and those of the European Telecommunications Standards Institute (ETSI).

This ETS is one of a series of Standards defining supplementary services applicable to Private Telecommunication Networks (PTNs) incorporating one or more interconnected exchanges. This particular ETS deals with the signalling protocol for the support of Name Identification supplementary services. The Name Identification supplementary services are Calling Name Identification Presentation (SS-CNIP) and Connected Name Identification Presentation (SS-CONP).

This ETS was produced by ECMA using the ECMA guidelines for the production of ETSs and using the ECMA stylesheet. In order to avoid undue delays in the publication of this ETS, it has been agreed that this ETS will not be converted to the ETSI stylesheet.

This is a free preview. Purchase the entire publication at the link below:
