## FOREWORD

The CENELEC questionnaire procedure, performed for finding out whether or not the International Standard IEC 1152:1992 could be accepted without textual changes, has shown that some common modifications were necessary for the acceptance as European Standard.

Following decision D75/029 taken by the 75th Technical Board the reference document, together with the common modifications prepared by CENELEC Reporting Secretariat SR 65B, was submitted to the CENELEC members for formal vote.

The text of the draft was approved by CENELEC as EN 61152 on 8 December 1993.

The following dates were fixed:

- latest date of publication of an identical national standard (dop) 1994-12-01
- latest date of withdrawal of conflicting national standards (dow) 1994-12-01
