EUROPEAN STANDARD

EN 60763-2

NORME EUROPÉENNE EUROPÄISCHE NORM

March 2007

ICS 17.220.99; 29.035.10

Supersedes EN 60763-2:1996

English version

Specification for laminated pressboard - Part 2: Methods of test

(IEC 60763-2:2007)

Spécification pour cartons comprimés et contrecollés - Partie 2: Méthodes d'essai (CEI 60763-2:2007)

Bestimmung für Blockspan -Teil 2: Prüfverfahren (IEC 60763-2:2007)

This European Standard was approved by CENELEC on 2007-03-01. CENELEC members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CENELEC member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CENELEC member into its own language and notified to the Central Secretariat has the same status as the official versions.

CENELEC members are the national electrotechnical committees of Austria, Belgium, Bulgaria, Cyprus, the Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, the Netherlands, Norway, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden, Switzerland and the United Kingdom.

CENELEC

European Committee for Electrotechnical Standardization Comité Européen de Normalisation Electrotechnique Europäisches Komitee für Elektrotechnische Normung

Central Secretariat: rue de Stassart 35, B - 1050 Brussels

Foreword

The text of document 15/360/FDIS, future edition 2 of IEC 60763-2, prepared by IEC TC 15, Solid electrical insulating materials, was submitted to the IEC-CENELEC parallel vote and was approved by CENELEC as EN 60763-2 on 2007-03-01.

This European Standard supersedes EN 60763-2:1996.

EN 60763-2:2007 includes the following significant technical changes with respect to EN 60763-2:1996:

- the standard has generally been revised editorially and brought into line with EN 60641-2;
- the test method for the determination of the internal ply strength has been replaced with an alternative method;
- the test method for the determination of the thermal resistance has been enlarged in its scope.

The following dates were fixed:

 latest date by which the EN has to be implemented at national level by publication of an identical national standard or by endorsement

(dop) 2007-12-01

 latest date by which the national standards conflicting with the EN have to be withdrawn

(dow) 2010-03-01

Annex ZA has been added by CENELEC.

Endorsement notice

The text of the International Standard IEC 60763-2:2007 was approved by CENELEC as a European Standard without any modification.

Annex ZA (normative)

Normative references to international publications with their corresponding European publications

The following referenced documents are indispensable for the application of this document. For dated references, only the edition cited applies. For undated references, the latest edition of the referenced document (including any amendments) applies.

NOTE When an international publication has been modified by common modifications, indicated by (mod), the relevant EN/HD applies.

Publication IEC 60243-1	<u>Year</u> 1998	Title Electrical strength of insulating materials - Test methods - Part 1: Tests at power frequencies	<u>EN/HD</u> EN 60243-1	<u>Year</u> 1998
