EUROPEAN STANDARD
NORME EUROPÉENNE
EUROPÄISCHE NORM

EN 10230-1

November 1999

ICS 21.060.50

English version

Steel wire nails - Part 1: Loose nails for general applications

Pointes en fil d'acier - Partie 1: Pointes pour usage général

Nägel aus Stahldraht - Teil 1: Lose Nägel für allgemeine
Verwendungszwecke

This European Standard was approved by CEN on 3 October 1999.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Czech Republic, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.

Foreword

This European Standard has been prepared by Technical Committee ECISS/TC 30 "Steel wires", the secretariat of which is held by BSI.

This European Standard shall be given the status of a national standard, either by publication of an identical text or by endorsement, at the latest by May 2000, and conflicting national standards shall be withdrawn at the latest by May 2000.

According to the CEN/CENELEC Internal Regulations, the national standards organizations of the following countries are bound to implement this European Standard: Austria, Belgium, Czech Republic, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and the United Kingdom.

1 Scope

This European Standard specifies requirements for preferred form and dimensions, tolerance on dimensions and surface coating of loose steel wire nails for general applications.

2 Normative references

This European Standard incorporates by dated or undated reference, provisions from other publications. These normative references are cited at the appropriate places in the text and the publications are listed hereafter. For dated references, subsequent amendments to or revisions of any of these publications apply to this European Standard only when incorporated in it by amendment or revision. For undated references the latest edition of the publication referred to applies.

EN 10016-1, *Non-alloy steel rod for drawing and/or cold rolling — Part 1: General requirements*

EN 10016-2, *Non-alloy steel rod for drawing and/or cold rolling — Part 2: Specific requirements for general purpose rod*

EN 10016-3, *Non-alloy steel rod for drawing and/or cold rolling — Part 3: Specific requirements for nominal and rimmed substitute low carbon steel rod*

EN 10016-4, *Non-alloy steel rod for drawing and/or cold rolling — Part 4: Non-alloy steel rod for drawing and/or cold rolling*

EN 10021, *General technical delivery conditions for iron and steel*

EN 10204, *Inspection documents*

EN 10218-2, *Steel wire and wire products — General — Part 2: General dimensions and tolerances*

prEN 10244-1, *Steel wire and wire products — Non-ferrous metallic coatings on steel wire — Part 1: General principles*

prEN 10244-2, *Steel wire and wire products — Non-ferrous metallic coatings on steel wire — Zinc and zinc alloy coatings on steel wire*

ISO 2081, *Electroplated coatings of zinc on steel*
