AGREEMENT

ICS 27.100

English version

Manual for Determination of Combined Heat and Power (CHP)

This CEN/CENELEC Workshop Agreement has been drafted and approved by a Workshop of representatives of interested parties, the constitution of which is indicated in the foreword of this Workshop Agreement.

The formal process followed by the Workshop in the development of this Workshop Agreement has been endorsed by the National Members of CEN and CENELEC but neither the National Members of CEN or CENELEC nor the CEN Management Centre or the CENELEC Central Secretariat can be held accountable for the technical content of this CEN/CENELEC Workshop Agreement or possible conflicts with standards or legislation.

This CEN/CENELEC Workshop Agreement can in no way be held as being an official standard developed by CEN or CENELEC and their Members.

This CEN/CENELEC Workshop Agreement is publicly available as a reference document from the CEN members national standard bodies or the CENELEC members national electrotechnical committees.

CEN and CENELEC members are the national standards bodies and national electrotechnical committees, respectively, of Austria, Belgium, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Slovakia, Slovenia, Spain, Sweden, Switzerland and United Kingdom.

Foreword

This CEN/CENELEC Workshop Agreement has been drafted and approved by a Workshop of representatives of interested parties on 2004-06-16, the constitution of which was supported by CEN and CENELEC following the public call for participation made in January 2003.

A list of the individuals and organizations which supported the technical consensus represented by the CEN/CENELEC Workshop Agreement is available to purchasers from the CEN Management Centre. These organizations were drawn from the following economic sectors: national and international energy (electricity, gas) and in particular CHP/DHC associations¹, municipalities owning/operating CHP/DHC systems, utilities owning/operating CHP/DHC systems, industries owning/operating CHP plants, manufacturers of CHP and/or DHC plants and equipment, engineering and consulting companies, industrial CHP and/or DHC users (pulp and paper industry, sugar industry).

The final review/endorsement round for this CWA was started on 2004-05-24 and was successfully closed on 2004-06-16. The final text of this CWA was submitted to CEN for publication on 2004-06-28.

This CEN/CENELEC Workshop Agreement is publicly available as a reference document from the National Members of CEN and CENELEC.

Comments or suggestions from the users of the CEN/CENELEC Workshop Agreement are welcome and should be addressed to the CEN Management Centre.
