Interconnexion de systèmes d'information -
Terminal virtuel - Classe de base - Types
d'attribution des fontes - type numéro un

Kommunikation von Informationssystemen -
Virtuelles Terminal Grundklasse - VT
Zeichensatz Zuordnung Typ 1

This European Prestandard (ENV) was approved by CEN/CENELEC on 1992-05-20 as a prospective standard for provisional application. The period of validity of this ENV is limited initially to three years. After two years the members of CEN/CENELEC will be requested to submit their comments, particularly on the question whether the ENV can be converted into an European Standard (EN).

CEN/CENELEC members are required to announce the existence of this ENV in the same way as for an EN and to make the ENV available promptly at national level in an appropriate form. It is permissible to keep conflicting national standards in force (in parallel to the ENV) until the final decision about the possible conversion of the ENV into an EN is reached.

CEN/CENELEC members are the national standards bodies and national electrotechnical committees, respectively, of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.

CEN/CENELEC
