EUROPEAN STANDARD

EN 61023

NORME EUROPÉENNE

EUROPÄISCHE NORM

October 2007

ICS 47.020.70

Supersedes EN 61023:1999

English version

**Maritime navigation and radiocommunication equipment and systems -
Marine speed and distance measuring equipment (SDME) -
Performance requirements, methods of testing and required test results
(IEC 61023:2007)**

Matériels et systèmes de navigation
et de radiocommunication maritimes -
Equipements de mesurage
de la vitesse et de la distance (SDME) -
Exigences de performance,
méthodes de test et résultats exigibles
(CEI 61023:2007)

Navigations- und
Funkkommunikationsgeräte
und -systeme für die Seeschifffahrt -
Fahrtmessanlagen
für die Seeschifffahrt (SDME) -
Leistungsanforderungen, Prüfverfahren
und geforderte Prüfergebnisse
(IEC 61023:2007)

This European Standard was approved by CENELEC on 2007-10-01. CENELEC members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CENELEC member.

This European Standard exists in two official versions (English, German). A version in any other language made by translation under the responsibility of a CENELEC member into its own language and notified to the Central Secretariat has the same status as the official versions.

CENELEC members are the national electrotechnical committees of Austria, Belgium, Bulgaria, Cyprus, the Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, the Netherlands, Norway, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden, Switzerland and the United Kingdom.

I.S. EN 61023:2007

EN 61023:2007

– 2 –

Foreword

The text of document 80/478/FDIS, future edition 3 of IEC 61023, prepared by IEC TC 80, Maritime navigation and radiocommunication equipment and systems, was submitted to the IEC-CENELEC parallel vote and was approved by CENELEC as EN 61023 on 2007-10-01.

This European Standard supersedes EN 61023:1999.

The main technical changes with regard to EN 61023:1999 are listed below:

Amendments resulting from changes to the IMO performance standards for SDME agreed in resolution MSC.96(72) in 2000. The amendments reduce the minimum depth of water under the keel for correct operation of the SDME to 2 m for a ground based equipment, reduce the accuracy required of analogue displays and add a requirement for a serial interface.

The following dates were fixed:

- | | | |
|--|-------|------------|
| – latest date by which the EN has to be implemented at national level by publication of an identical national standard or by endorsement | (dop) | 2008-07-01 |
| – latest date by which the national standards conflicting with the EN have to be withdrawn | (dow) | 2010-10-01 |

Annex ZA has been added by CENELEC.

Endorsement notice

The text of the International Standard IEC 61023:2007 was approved by CENELEC as a European Standard without any modification.

Annex ZA (normative)

Normative references to international publications with their corresponding European publications

The following referenced documents are indispensable for the application of this document. For dated references, only the edition cited applies. For undated references, the latest edition of the referenced document (including any amendments) applies.

NOTE When an international publication has been modified by common modifications, indicated by (mod), the relevant EN/HD applies.

<u>Publication</u>	<u>Year</u>	<u>Title</u>	<u>EN/HD</u>	<u>Year</u>
IEC 60945	2002	Maritime navigation and radiocommunication equipment and systems - General requirements - Methods of testing and required test results	EN 60945	2002
IEC 61162-1	– ¹⁾	Maritime navigation and radiocommunication equipment and systems - Digital interfaces - Part 1: Single talker and multiple listeners	EN 61162-1	2000 ²⁾
