English version

Health Informatics - System of concepts to support continuity of care

Informatique de santé - Système de concepts en appui de la continuité des soins

Medizinische Informatik - Begriffssystem zur Unterstützung der Kontinuität der Versorgung

This European Prestandard (ENV) was approved by CEN on 19 October 2000 as a prospective standard for provisional application.

The period of validity of this ENV is limited initially to three years. After two years the members of CEN will be requested to submit their comments, particularly on the question whether the ENV can be converted into a European Standard.

CEN members are required to announce the existence of this ENV in the same way as for an EN and to make the ENV available promptly at national level in an appropriate form. It is permissible to keep conflicting national standards in force (in parallel to the ENV) until the final decision about the possible conversion of the ENV into an EN is reached.

CEN members are the national standards bodies of Austria, Belgium, Czech Republic, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.

Foreword

This European pre-standard has been prepared by CEN Technical Committee 251 "Health Informatics", under mandate M/255 and order voucher BC/CEN/97/23.1.2 by the European Commission and the European Free Trade Association.

The normative provisions of this European pre-standard are to be found in Clauses 5 to 11. The informative Annexs A and B provide further descriptions and explanations, as well as a tentative model of some parts of the system of concepts that forms the normative clauses, focusing on some details wherever felt necessary.

This European Standard shall be given the status of a national standard, either by publication of an identical text or by endorsement, at the latest by June 2002, and conflicting national standards shall be withdrawn at the latest by June 2002.

According to the CEN/CENELEC Internal Regulations, the national standards organizations of the following countries are bound to announce this European Prestandard: Austria, Belgium, Czech Republic, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and the United Kingdom.
