NORME EUROPÉENNE

EUROPÄISCHE NORM

December 2006

ICS 81.060.99

Supersedes ENV 12923-1:1997

English Version

Advanced technical ceramics - Monolithic ceramics - Part 1: General practice for undertaking corrosion tests

Céramiques techniques avancées - Céramiques
monolithiques - Partie 1: Pratique générale destinée aux
essais de corrosion

Hochleistungskeramik - Monolithische Keramik - Teil 1:
Allgemeines zur Durchführung von Korrosionsprüfungen

This European Standard was approved by CEN on 25 November 2006.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden, Switzerland and United Kingdom.

Foreword	4
1 Scope.....	5
2 Normative references	5
3 Terms and definitions.....	6
4 Significance and use	6
5 Assessment of corrosive attack.....	7
5.1 Introduction	7
5.2 Method A: Depth of penetration	7
5.3 Method B: Mass change	8
5.4 Method C: Change of test piece size	9
5.5 Method D: Strength change	9
5.6 Method E: Change in surface roughness	9
5.7 Method F: Change in hardness	9
6 Apparatus for laboratory corrosion testing	10
6.1 Container for corroding medium.....	10
6.2 Heating device.....	10
6.3 Thermocouple	10
6.4 Chemical balance.....	10
6.5 Oven	10
6.6 Dye penetrant equipment.....	10
6.7 Travelling microscope or optical microscope	11
6.8 Micrometer.....	11
6.9 Vernier callipers	11
6.10 Surface roughness measuring equipment.....	11
6.11 Flexural strength test facility	11
6.12 Hardness measurement equipment.....	11
7 Test pieces.....	11
7.1 General requirements	11
7.2 Specific requirements.....	11
7.3 Number of test pieces.....	12
8 Test procedure	12
8.1 Safety considerations.....	12
8.2 Corrosion test.....	12
8.3 Procedure	12
9 Expression of results.....	14
9.1 Calculation of mass change (Method B).....	14
9.2 Change of component or test piece size (Method C)	14
9.3 Calculation of flexural strength (Method D)	15
10 Test report	15
Annex A (informative) Appropriate container and specimen holder materials for corrosion testing.....	17
A.1 Mineral acids, excluding hydrofluoric acid	17
A.2 Hydrofluoric acid (HF)	17
A.3 Aqueous-based alkaline solutions	17
A.4 Molten metal alloys	17

EN 12923-1:2006 (E)

Foreword

This document (EN 12923-1:2006) has been prepared by Technical Committee CEN/TC 184 “Advanced technical ceramics”, the secretariat of which is held by BSI.

This European Standard shall be given the status of a national standard, either by publication of an identical text or by endorsement, at the latest by June 2007, and conflicting national standards shall be withdrawn at the latest by June 2007.

This document supersedes ENV 12923-1:1997.

EN 12923 *Advanced technical ceramics — Monolithic ceramics* consists of two parts:

Part 1: *General practice for undertaking corrosion tests*

Part 2: *Oxidation test*

At the time of publication of this edition of Part 1, Part 2 was a European Prestandard.

According to the CEN/CENELEC Internal Regulations, the national standards organizations of the following countries are bound to implement this European Standard: Austria, Belgium, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden, Switzerland and United Kingdom.
