EUROPEAN STANDARD

EN 419-2

NORME EUROPÉENNE

EUROPÄISCHE NORM

June 2006

ICS 97.100.20

Supersedes ENV 1259-1:1994, ENV 1259-2:1996, ENV
1259-3:1996

English Version

Non-domestic gas-fired overhead luminous radiant heaters - Part 2: Rational use of energy

Appareils surélevés de chauffage à rayonnement lumineux
au gaz, à usage non domestique - Partie 2 : Utilisation
rationnelle de l'énergie

Gasgeräte-Heizstrahler Hellstrahler mit Brenner ohne
Gebläse für gewerbliche und industrielle Anwendung - Teil
2: Rationelle Energienutzung

This European Standard was approved by CEN on 16 March 2006.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden, Switzerland and United Kingdom.

EN 419-2:2006 (E)

Foreword

This European Standard (EN 419-2:2006) has been prepared by Technical Committee CEN/TC 180 "Non-domestic gas-fired overhead radiant heaters", the secretariat of which is held by BSI.

This European Standard shall be given the status of a national standard, either by publication of an identical text or by endorsement, at the latest by December 2006, and conflicting national standards shall be withdrawn at the latest by December 2006.

This European Standard supersedes ENV 1259-1:1994, ENV 1259-2:1996 and ENV 1259-3:1996

This European Standard has been prepared under a mandate given to CEN by the European Commission and the European Free Trade Association and supports essential requirements of EU Directive(s).

For relationship with EU Directive(s), see informative Annex ZA, which is an integral part of this European Standard.

This part of EN 419 complements EN 419-1: "Non-domestic gas-fired overhead luminous radiant heaters - Part 1: Safety".

It is intended that this standard would be reviewed 3 years after publication.

According to the CEN/CENELEC Internal Regulations, the national standards organizations of the following countries are bound to implement this European Standard: Austria, Belgium, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden, Switzerland and United Kingdom.
