EUROPEAN STANDARD

EN ISO 9606-2

NORME EUROPÉENNE

EUROPÄISCHE NORM

December 2004

ICS 25.160.10

Supersedes EN 287-2:1992

English version

Qualification test of welders - Fusion welding - Part 2: Aluminium and aluminium alloys (ISO 9606-2:2004)

Epreuve de qualification des soudeurs - Soudage par fusion - Partie 2 : Aluminium et alliages d'aluminium (ISO 9606-2:2004)

Prüfung von Schweißern - Schmelzschiessen - Teil 2: Aluminium und Aluminiumlegierungen (ISO 9606-2:2004)

This European Standard was approved by CEN on 23 September 2004.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Slovakia, Slovenia, Spain, Sweden, Switzerland and United Kingdom.

EN ISO 9606-2:2004 (E)

Foreword

This document (EN ISO 9606-2:2004) has been prepared by Technical Committee CEN/TC 121 "Welding", the secretariat of which is held by DIN, in collaboration with Technical Committee ISO/TC 44 "Welding and allied processes".

This European Standard shall be given the status of a national standard, either by publication of an identical text or by endorsement, at the latest by June 2005, and conflicting national standards shall be withdrawn at the latest by June 2005.

This document has been prepared under a mandate given to CEN by the European Commission and the European Free Trade Association, and supports essential requirements of EU Directive(s).

For relationship with EU Directive(s), see informative Annex ZA, which is an integral part of this document.

This document supersedes EN 287-2:1992.

This series of standards consists of the following parts, under the general title *Qualification test of welders — Fusion welding*:

- EN 287-1: Steels
- EN ISO 9606-2: Aluminium and aluminium alloys
- EN ISO 9606-3: Copper and copper alloys¹⁾
- EN ISO 9606-4: Nickel and nickel alloys¹⁾
- EN ISO 9606-5: Titanium and titanium alloys, zirconium and zirconium alloys¹⁾

According to the CEN/CENELEC Internal Regulations, the national standards organizations of the following countries are bound to implement this European Standard: Austria, Belgium, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Slovakia, Slovenia, Spain, Sweden, Switzerland and United Kingdom.

¹⁾ The general title of these document is *Approval testing of welders - Fusion welding*
