**Mobile and portable DVB-T/H radio access -  
Part 1: Interface specification**  
(IEC 62002-1:2008 + corrigendum 2008)

Accès radio DVB-T/H  
vers les mobiles et les portables -  
Partie 1: Spécification de l'interface  
(CEI 62002-1:2008 + corrigendum 2008)

Mobiler und tragbarer Funkzugang  
zu DVB-T/H -  
Teil 1: Festlegung der Schnittstelle  
(IEC 62002-1:2008 + Corrigendum 2008)

This European Standard was approved by CENELEC on 2008-06-01. CENELEC members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CENELEC member.

This European Standard exists in two official versions (English and German). A version in any other language made by translation under the responsibility of a CENELEC member into its own language and notified to the Central Secretariat has the same status as the official versions.

CENELEC members are the national electrotechnical committees of Austria, Belgium, Bulgaria, Cyprus, the Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, the Netherlands, Norway, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden, Switzerland and the United Kingdom.

## I.S. EN 62002-1:2008

EN 62002-1:2008

– 2 –

### Foreword

The text of document 100/1289/CDV, future edition 2 of IEC 62002-1, prepared by IEC TC 100, Audio, video and multimedia systems and equipment, was submitted to the IEC-CENELEC parallel vote and was approved by CENELEC as EN 62002-1 on 2008-06-01.

This European Standard supersedes EN 62002-1:2006.

The main changes with respect to EN 62002-1:2006 are listed below.

- DVB-H has been included as a part of the main specification;
- all the performance figures have been revised as new simulation results have been made available as well as new reference receivers for DVB-H have been developed;
- DVB-H now includes all the different MPE-FEC code rates;
- new portable indoor and portable outdoor channel models have been included as well as performance figures for those;
- a new 2x TU-6 mobile SFN test channel has been included;
- a new L4 linearity pattern has been added;
- dedicated performance figures for DVB-H for S1, S2, L1 to L4 interference patterns have been included;
- a new GSM-interference measurement method has been added.

The following dates were fixed:

- latest date by which the EN has to be implemented at national level by publication of an identical national standard or by endorsement (dop) 2009-03-01
- latest date by which the national standards conflicting with the EN have to be withdrawn (dow) 2011-06-01

Annex ZA has been added by CENELEC.

---

### Endorsement notice

The text of the International Standard IEC 62002-1:2008 was approved by CENELEC as a European Standard without any modification.

---

## Annex ZA (normative)

### Normative references to international publications with their corresponding European publications

The following referenced documents are indispensable for the application of this document. For dated references, only the edition cited applies. For undated references, the latest edition of the referenced document (including any amendments) applies.

NOTE When an international publication has been modified by common modifications, indicated by (mod), the relevant EN/HD applies.
