Foreword

This document (CEN/TR 15276-2:2009) has been prepared by Technical Committee CEN/TC 191 “Fixed firefighting systems”, the secretariat of which is held by BSI.

This document has the general title *Fixed firefighting systems — Condensed aerosol extinguishing systems* and will consist of the following parts:

- Part 1: *Requirements and test methods for components;*
- Part 2: *Design, installation and maintenance.*
