TECHNICAL SPECIFICATION  
SPÉCIFICATION TECHNIQUE  
TECHNISCHE SPEZIFIKATION

**CEN/TS 15399**

June 2007

ICS 91.140.40

English Version

**Gas Supply Systems - Guidelines for Management systems for  
Gas Distribution Network**

Systèmes d'alimentation en gaz - Lignes directrices pour  
les systèmes de management des réseaux de distribution  
de gaz

Gasversorgungssysteme - Leitlinien für  
Managementsysteme für Gasverteilungsnetze

This Technical Specification (CEN/TS) was approved by CEN on 4 December 2006 for provisional application.

The period of validity of this CEN/TS is limited initially to three years. After two years the members of CEN will be requested to submit their comments, particularly on the question whether the CEN/TS can be converted into a European Standard.

CEN members are required to announce the existence of this CEN/TS in the same way as for an EN and to make the CEN/TS available promptly at national level in an appropriate form. It is permissible to keep conflicting national standards in force (in parallel to the CEN/TS) until the final decision about the possible conversion of the CEN/TS into an EN is reached.

CEN members are the national standards bodies of Austria, Belgium, Bulgaria, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden, Switzerland and United Kingdom.

## **CEN/TS 15399:2007 (E)**

### **Foreword**

This document (CEN/TS 15399:2007) has been prepared by Technical Committee CEN/TC 234 "Gas Supply Systems", the secretariat of which is held by DIN.

There is a complete suite of functional standards prepared by CEN/TC 234 "Gas supply" to cover all parts of the gas infrastructure system from the input of gas to the distribution network starting at the boundary of the delivery station on the premises of the Gas Distribution System Operator (GDSO), up to the point of delivery of the customers, whether domestic, commercial or industrial.

In preparing this Technical Specification, a basic understanding of Management Systems and gas distribution networks by the user has been assumed.

According to the CEN/CENELEC Internal Regulations, the national standards organizations of the following countries are bound to announce this Technical Specification: Austria, Belgium, Bulgaria, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden, Switzerland and United Kingdom.
