EN 14591-4:2007/AC:2008 (E)

English version

4.2 Functional requirements

4.2.1 General

A new fifth paragraph shall be inserted in 4.2.1 as follows:

"An error detection system shall be used to ensure that the components are operating together correctly.".

7 Requirements for signal processing electronics

7.1 General

The first sentence in 7.1 shall read as follows:

"The signal-processing electronics, including the sensor system, shall revert to fail-safe mode in the case of an error occurring (SIL 2 according to EN 61508-1).".

This European Standard was approved by CEN on 9 June 2007.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the CEN Management Centre or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the CEN Management Centre has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Bulgaria, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden, Switzerland and United Kingdom.
