English version

Health informatics - Service request and report messages - Part 1: Basic services including referral and discharge

Informatique de santé - Messages de demande et de
compte-rendu de prestation de santé - Partie 1 :
Prestations de base y compris adressage et fin de prise en
charge

Medizinische Informatik - Serviceabfragen und
Berichtsnachrichten - Teil 1: Grundsätzliche
Dienstleistungen inklusive ärztliche Überweisung und
Entlassung

This European Standard was approved by CEN on 14 February 2005.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Slovakia, Slovenia, Spain, Sweden, Switzerland and United Kingdom.

	Page
Foreword.....	6
Introduction	7
1 Scope	8
2 Normative references	9
3 Terms and definitions	10
4 Symbols and abbreviations	17
5 Implementation requirements	18
5.1 General conformance requirements	18
5.2 Implementation recommendations	18
6 Communication requirements and scenarios	18
6.1 General.....	18
6.1.1 General.....	18
6.1.2 Communication roles	19
6.1.3 Trigger events	19
6.1.4 Message types	19
6.1.5 Receiver responsibilities	21
6.1.6 Message sequences	21
6.2 Message interactions	24
6.2.1 General.....	24
6.2.2 New healthcare service request	24
6.2.3 Healthcare service request modification	24
6.2.4 Healthcare investigation request modification.....	24
6.2.5 Additional healthcare investigation request.....	24
6.2.6 Copy of request.....	24
6.2.7 Healthcare service request response.....	25
6.2.8 New healthcare service report.....	25
6.2.9 Healthcare service report modification	25
6.2.10 Healthcare report investigation modification	25
6.2.11 Healthcare report additional investigation.....	25
6.2.12 Copy of report	25
7 Hierarchical message descriptions (HMD).....	26
7.1 Introduction to HMDs	26
7.2 Use of General Purpose Information Components (GPICs) in HMDs	26
7.3 Description of the HMDs/HCDs	27
7.3.1 General.....	27
7.3.2 Structure of message	27
7.3.3 Occurrences	27
7.3.4 Name of message element.....	28
7.3.5 GPIC	28
7.3.6 Use of message element.....	28
7.3.7 Deviation for each of the derived messages	28
7.4 Common hierarchical components.....	29
7.4.1 General.....	29
7.4.2 Healthcare agent	29
7.4.3 Care service recipient	32
7.4.4 Care location	33
7.4.5 Subject of investigation	34
7.4.6 Analysable object	36

7.4.7	Clinical information	37
7.5	Requirements common to all message types	41
7.5.1	Message content.....	41
7.5.2	Status of message content.....	43
7.6	Healthcare service request message	43
7.6.1	Scope and description of message	43
7.6.2	Message information model	44
7.6.3	HMD.....	45
7.7	Healthcare service report message	48
7.7.1	Scope and description of message	48
7.7.2	Complex investigation result items	48
7.7.3	Message information model	49
7.7.4	HMD.....	50
Annex A	(normative) Domain Information Model.....	53
A.1	Introduction.....	53
A.1.1	General.....	53
A.1.2	The Modelling Approach.....	53
A.1.3	Diagrammatic presentation	53
A.1.4	Description of model components	54
A.1.5	Description of the models.....	55
A.2	Model overview	55
A.2.1	Model.....	55
A.2.2	High-level description	56
A.3	Message package	58
A.3.1	Model.....	58
A.3.2	Model components	58
A.3.3	Description of Message package.....	59
A.4	Healthcare service request package	60
A.4.1	Model.....	60
A.4.2	Model components	60
A.4.3	Description of healthcare service request package	60
A.5	Service Report Package.....	62
A.5.1	Model.....	62
A.5.2	Model components	62
A.5.3	Description of Healthcare service report package.....	62
A.6	Subject Of Investigation Package.....	63
A.6.1	Model.....	63
A.6.2	Model components	64
A.6.3	Description of subject of investigation package.....	66
A.6.4	Model of care service recipient	68
A.6.5	Model components	68
A.6.6	Description of care service recipient.....	68
A.6.7	Model of subject relationships	69
A.6.8	Model components	70
A.6.9	Description of subject relations	70
A.7	Analysable object package.....	70
A.7.1	Analysable object model.....	70
A.7.2	Model components	71
A.7.3	Description of analysable object package	73
A.7.4	Analysable object acquisition model	74
A.7.5	Model components	74
A.7.6	Description of package	74
A.8	Clinical information package.....	75
A.8.1	Model.....	75
A.8.2	Model components	75
A.8.3	Description of package	76
A.8.4	Model of investigation request.....	77
A.8.5	Model components	77
A.8.6	Description of investigation request	77
A.8.7	Model of result item.....	78

A.8.8	Model components	78
A.8.9	Description of result item	78
A.8.10	Model of medication and clinical procedure.....	80
A.8.11	Model components	80
A.8.12	Description of medication and clinical procedure	80
A.9	Healthcare Agent Package.....	81
A.9.1	Model of healthcare agent	81
A.9.2	Model components	82
A.9.3	Description of healthcare agent package	83
A.9.4	Model of healthcare party	84
A.9.5	Model components	84
A.9.6	Description of healthcare party.....	84
Annex B	(informative) Scenarios	86
B.1	General.....	86
B.2	Summary of the scenarios	86
B.3	Request Scenarios (including Specialist Service Request).....	86
B.3.1	General.....	86
B.3.2	Service to be performed on specimens supplied by the requester	87
B.3.3	Services that require scheduling prior to the receipt of the sample collected by the requester	87
B.3.4	Services performed on samples collected by the service provider	88
B.3.5	Services in which the subject of care is examined by the service provider	88
B.3.6	Services involving evaluation of an existing sample or study product.....	90
B.3.7	Modification of an existing request following any of the above scenarios	90
B.3.8	Cancellation of an existing request following any of the above scenarios.....	91
B.4	Report Scenarios (including Specialist Service Report)	92
B.4.1	General.....	92
B.4.2	Provisional reports	93
B.4.3	Corrections or updates of reports	93
B.4.4	Cancellations of reports.....	94
B.5	Illustrations of the different data types in a report.....	95
B.5.1	Reports including a discrete set of numeric values	95
B.5.2	Reports including a series or array of numeric values	95
B.5.3	Reports including graphical, image or signal information.....	95
B.5.4	Reports including results in the form of code values and/or text.....	96
B.5.5	Reports including proposed actions (plan items).....	97
B.6	Illustrations of various types of subject of investigation	97
B.6.1	Patient	97
B.6.2	Animal	97
B.6.3	Material	97
B.6.4	Subject of care and a related subject of care	97
B.7	Illustrations of various types of involved parties.....	98
B.7.1	Parties Involved	98
B.7.2	Healthcare service requests to Copy destinations	98
B.7.3	Healthcare service reports to Copy destinations.....	98
B.7.4	Healthcare service reports not to be sent to requester	99
B.8	Acceptance, progress reporting and follow-up scenarios	99
B.8.1	General.....	99
B.8.2	Response to a request for a healthcare service.....	99
B.8.3	Notification by the recipient of a report that he/she has seen the report.....	101
B.8.4	Management of call, recall and follow up of healthcare services.....	101
B.9	Scenarios specific to post-mortem studies	101
B.9.1	Clinical post-mortems	101
B.9.2	Forensic post-mortems	102
B.10	Services that involve two or more service providers	102
Annex C	(informative) How to read the models.....	103
C.1	Introduction	103
C.2	Classes	103
C.3	Associations between classes	103
C.4	Types of Associations.....	104
C.4.1	Part-of relationships	104
